## Canadian Dollar Closing Up To Par Value Now On Market At New York

To-day's Figure of 99 3-4 Cents Highest Level Seen Since September, 1931; Expected U.S. Will Make Substantial Gold Purchases From Canadians

### British Pound At \$4.85 To-day

Canadian Press  
New York, Nov. 2.—The Canadian dollar was within 1/4 of 1 per cent of par with United States funds at the close of trading to-day on the foreign exchange market here. Final quotations posted on Dominion funds were 99 3/4 cents, the highest price attained since September 1, 1931.

The United States premium against Canadian money slumped to 25 of 1 per cent. Entry of the United States into world gold markets and with prospects of considerable purchases from the Dominion aided in hoisting value of Canadian funds.

### TWO HUNTED AS ABDUCTORS

Police Seek Men in Michigan; Two Women Are in Jail at Battle Creek

Associated Press  
Battle Creek, Mich., Nov. 2.—Two women were held in jail here to-day and county officers announced two paroled convicts were being sought in connection with the abduction, beating and robbing Tuesday of Louis E. Brooks, wealthy manufacturer.

## Labor Makes Gains At Municipal Polls Contests In England

National Government to Lose No Time in Stating Its Policy to Parliament on European Crisis

Canadian Press  
London, Nov. 2.—Sweeping labor gains in municipal elections throughout England reported to-day, coupled with the decisive Labor victory in the Commons by-election in traditionally Conservative East Fulham a few days ago, have aroused the Prime Minister and his colleagues of the National government to the necessity of rallying public opinion behind the National Government.

### SEARCH MADE FOR HIM IN AFRICA

Captain William Lancaster, British aviator, who disappeared on a flight to South Africa shortly after acquisition of a murder charge in Miami, Florida, is alive and living with a wild tribe in Senegal, in the Sahara Desert, it is reported received in Paris from desert caravan parties is true.

### WEEKLY CLEARINGS INCREASE \$50,000

Victoria bank clearings started November with a gain of \$49,334, or approximately three and one-half per cent, according to the statements released to-day by T. H. Laundry, manager of the Victoria Clearing House. The figures for the week ending to-day show a smaller gain than the average weekly increase during October.

### ULLSTEIN FAMILY OUSTED BY NAZIS

Berlin, Nov. 2.—The Third Reich's uncompromising Anti-Semitism resulted to-day in the withdrawal of the Jewish Ullstein family control from the Ullstein Publishing Company—Germany's most modern and most flourishing newspaper, News Agency, magazine, book and travel bureau concern.

## Limitations Set By Officials Prevent Mann Speech Here

### SEATTLE BANK ROBBED TO-DAY

Associated Press  
Seattle, Nov. 2.—Two shabby men equipped with three pistols, a canvas bag and a stolen automobile, invaded the Broadway branch of the First National Bank here at noon to-day, lined patrons and employees against a wall while they scooped up \$15,500 and escaped in a pouring rain.

## SARRAUT HOLDS TO GOLD PLAN

New French Cabinet Asks Parliament to Approve Continuance of Gold Standard

Associated Press  
Paris, Nov. 2.—France's determination to stand by the gold standard was insisted on to-day in a ministerial declaration of Premier Albert Sarraut which was approved unanimously by the cabinet.

### Vancouver Audience Heard British Labor Speaker Yesterday Evening, But Under \$300 Bond He Is Required to Return Directly to U.S., Omitting Address in Victoria

Canadian Press  
Vancouver, Nov. 2.—Tom Mann, prominent figure in British Labor circles, prepared to-day to return to Seattle after a flying visit to Vancouver.

Mr. Mann was temporarily detained at the border at White Rock, B.C., yesterday en route from Seattle to Vancouver, but was admitted to Canada after friends here had posted a \$300 bond. He said posting of the bond allowed him to stay here for one day. He reached here just in time to address a scheduled meeting yesterday evening.

### Earthquake Is Recorded

An earthquake of moderate intensity was recorded this morning at 4:33.30 o'clock on the instruments at Gonzales Hill, it was announced by F. Napier Denison, superintendent.

### U.S. MAY ISSUE SILVER NOTES

Washington, Nov. 2.—The United States Treasury may soon issue \$11,000,000 in silver certificates backed by silver received in last June's war debt payments.

### WILD SWANS AT VANCOUVER

Canadian Press  
Vancouver, Nov. 2.—Floating down out of a rainy sky, a flock of eighteen white swans settled on Lost Lagoon for a brief rest yesterday afternoon, according to keepers at Stanley Park. After a short sojourn on the little lake the big birds winged away majestically on an eastward course.

### U.S. BUYING FOREIGN GOLD

Bullion Price Rises in London in Response; Canada Will Sell at Highest Price

Gold Price in United States Market Put Up Ten Cents to \$32.36 an Ounce

By Richard L. Turner, Associated Press Staff Writer  
Washington, Nov. 2.—The United States Government to-day offered to buy all the foreign gold that is shipped to the United States, and again advanced the figure at which the Reconstruction Finance Corporation makes purchases of the new output of domestic gold mines.

For the latter a price of \$32.36 an ounce was established, compared with \$32.36 yesterday. Meanwhile, the bullion quotation at London, presumably in response to the Roosevelt plan, rose from \$31.52 yesterday to \$32.11 to-day.

The United States dollar was weak, declining overnight to 44.82 to the pound sterling. It also weakened against the franc and the Canadian dollar.

Details of plans for purchasing the imported gold, including the price to be paid, remained undisclosed, as did the status of the negotiations with Great Britain.

These were undertaken for the purpose of avoiding a currency depreciation between the two countries as a result of the United States operations.

TO PAY IN NOTES  
Making known the first step in the buying of foreign gold, Chairman Jesse H. Jones of the Reconstruction Finance Corporation, yesterday evening announced the new Treasury plan for Reconstruction Finance Corporation notes, with which the newly-mined domestic metal also is bought.

### GERMANS FREE NOEL PANTER

London Newspaper Man, Having Promised to Leave Germany, Departs at Once

Canadian Press and Associated Press  
Munich, Bavaria, Nov. 2.—The British consulate-general here to-day announced that Noel Panter, British newspaper man, released from jail and ordered to leave Germany within forty-eight hours, had departed immediately after his liberation.

The correspondent's brother, Dr. Panter, remained behind to wind up the newspaper man's affairs, the announcement added.

### U.S. MAY ISSUE SILVER NOTES

Washington, Nov. 2.—The United States Treasury may soon issue \$11,000,000 in silver certificates backed by silver received in last June's war debt payments.

### PRECAUTIONS TAKEN AS HE FLIES

VISCOUNT RATENDONE

Heston, Eng., Nov. 2.—Police to-day searched the new airplane in which Viscount Ratendone, son and heir of the Earl of Willington, Viceroy of India and former Governor-General of Canada, started toward India as a precaution against any plot aimed at the passenger.

"Owing to the recent report of what may have been an attack on Lord Ratendone's life, the start of the flight was made under police supervision, and a search was made of the plane in which he is flying," said an airport official.

A few days ago a man believed to be an Indian was reported to have gained access to the rear of Viscount Ratendone's London house, but was surprised by a neighbor, fled from the roof and escaped. Police did not obtain corroboration of the story.

### MINERS LOSE AS FRASER RISES

Quebec, B.C., Nov. 2.—The sudden rise of the Fraser River following snow and heavy rains, has resulted in heavy losses to the miners. Many have had to leave their equipment, including "long Toms," engines, and pumps, picks and shovels. Many have left rather than wait for the water to go down again.

## Over Million Men Ready For German Summons To Arms

Nazi Officer Says Nation Must Strike First and There Will Be No Declaration of War

### France Having Nervous Dreams Over Extensive Armament Preparations of Her Neighbor

By M. H. HALTON  
Copyright 1933.  
Berlin, Nov. 2.—"The words 'revenge' and 'war' should be expurgated from the international vocabulary," said Dr. Goebbels, Nazi Minister of Propaganda, the other day.

"Propaganda" is right. The words must deceive foreign readers, but anyone who has visited Germany and seen a nation being imbued with an unregenerate chauvinism which makes preparation for war a matter of course, and in comparison with which the foreigner's criticism of the Nazis is a mere whimper.

NEW MADNESS  
What new and ultimate madness is this that lowers on the horizon of a Europe bred to war? I should like to think the dangers to peace and the machinations of the Nazis are exaggerated; but here in Germany I know that while attempting to gain time by lulling foreign criticism, the Nazis are actually preparing for war.

OUT OF THE BLUE  
In the lobby of a hotel here I was talking to an officer of the German army about the extent of Germany's armaments.

## Many Districts Have Day Of Rain, But Interest In Polling Is Reported High

Forenoon Recorded Lighter Vote in Saanich and Esquimalt Than Anticipated, But Late Rush Expected to Bring Total Up; Nanaimo Report Tells of Heaviest Vote There in Years; At One Polling Station in Vancouver Some Voters on Hand Before Poll Opened

### No Disorders Told Of in Dispatches

Canadian Press  
Nanaimo, Nov. 2.—Despite the inclement weather, the largest poll in many years is being recorded here to-day.

Nanaimo people were voting in the Pymby Pavilion, where officials under the watchful eye of Nicholas Wright, returning officer, took care of those balloting.

Polls adjacent to the city, which will report returns early this evening, are Esquimalt, Wellington, Lantzville, Northfield, Extension and South Wellington.

RAIN WIDESPREAD  
Vancouver, Nov. 2.—Dismal weather prevailed in many districts as British Columbia's electors went to the polls to-day. Indications up to early this afternoon, however, were that the vote would be heavy.

Greater Vancouver voters were flocking to the polls in large numbers in all ridings except Vancouver Centre, where a deferred election is to be held November 27. Likewise in Victoria there was no balloting to-day, but voting was proceeding in the adjacent constituencies of Saanich and Esquimalt.

AWAITED OPENING  
Patient electors lined up in the rain outside one Vancouver polling station to await opening of the booth at 8 a.m.

Unseasonably frigid conditions confronted the electors of the isolated vast northern section of the province.

### TYPHOON HAVOC IN PHILIPPINES

Associated Press  
Manila, P.I., Nov. 2.—A typhoon spread death and destruction over the southern Philippine Islands to-day. Six persons were killed and nine injured in Oriental Negros province on Visayas Island. Governor Segundo Gaston reported to the Interior Department that other governors told of heavy damage and appealed for Red Cross aid.

## MANTOBA FARMERS DEBATE WHEAT PACT

Delegates at Convention Hear Statement That Province Started Reducing Wheat Acreage Quarter Century Ago

By George Finlay, Canadian Press Staff Writer

Portage la Prairie, Man., Nov. 2.—The international wheat agreement of twenty-two nations came before the United Farmers of Manitoba in their annual convention here to-day and a new angle to the whole problem as it concerns Manitoba was put before the farmer delegates.

Based on reports of the Dominion Bureau of Statistics and the Manitoba Department of Agriculture, it was shown Manitoba, now engaged in mixed farming on an extensive scale, had for twenty-seven years consistently reduced its wheat acreage.

### PLANES LATE WITH BALLOTS

But Northern B.C. People Believed to Have Opportunity to Vote

Delayed by engine trouble, the plane carrying ballots to Telegraph Creek and Dease Lake was nearly a day late in reaching Wrangell, Alaska, arriving there late yesterday afternoon. Meanwhile election officials had arranged for another plane to leave Carcross for the two points, and both planes, it was presumed, were winging their way to the interior points or already had reached there, may be a little late, though, for the opening hour.

Use of airplanes was made necessary when early ice in the Stikine River blocked navigation. When the plane which left Anxoy on Tuesday failed to reach Wrangell early yesterday afternoon, arrangements were made to dispatch another from Vancouver this morning. But foggy weather over the Gulf of Georgia caused a further delay and officials quickly communicated with Carcross, obtaining a third plane, and after the Carcross plane had taken off, word came of the safe arrival at Wrangell of the Anxoy machine.

There are ninety voters registered at Telegraph Creek and ten at Dease Lake and if landing was found inadvisable, the pilots had orders to drop the packages of ballots by parachute.

### Not a Meteor, Experts Report

Reports recently that a meteor from the tail of a passing comet had come to earth, crashing into the rock at the side of Cranston Lake and leaving a mass of slag from the molten meteoric body, sent a party of experts, including Parker Williams, naturalist, George E. Winkler, mineralogist, and Robert Connell, geologist, on a visit to the scene.

Their examination revealed the rock had been melted by a smithy furnace built in a rock cut at the side of the road for sharpening tools a quarter of a century ago. When the road was being constructed, it was recently re-exposed through shifting of the hill gravel which had covered it.

### SEVEN-HOUR DAY

Winnipeg, Nov. 2 (Canadian Press).—Rejecting a request of the Winnipeg Electric Company that its traffic employees switch from a seven-hour day to an eight-hour shift, members of the traffic department have voted to retain the seven-hour day, thus keeping eighty or ninety men, who otherwise would have been laid off, in employment.

### Condemned Man Escapes; Recaptured

Chicago, Nov. 2.—John Schack, desperate young killer awaiting execution for the murder of a policeman in a criminal courtroom, broke loose again to-day from the bull pen of the county jail here, but was recaptured a few moments later in an elevator.

### RETAIL SALES ARE SHOWING INCREASE IN THE DOMINION

Bureau of Statistics Says Total in September Was 15.6 Per Cent Above the August Figure

Ottawa, Nov. 2.—Retail sales in Canada increased 15.6 per cent in September as compared with August, and were also somewhat greater than in September, 1932. With the 1928 monthly average taken as 100, the index for August this year was 73.5 and September 85. The index for September last year was 83.6. The figures were made public here by the Dominion Bureau of Statistics.

### Voters' Lists Are Found in Order

Voters of British Columbia, going to the polls to-day to elect the next government of the province, braved heavy rains in most parts of the province, according to a report made early this afternoon at the Meteorological Observatory on Gonzales Hill.

Heavy rain was falling across the Kootenays to the Rockies, and all along the coast as far north as Prince Rupert. In the northern parts of the province, and around the Prince George and Cariboo districts it was fair and moderately cold.

Rain fell steadily all morning and well into the afternoon as the voters of Saanich and Esquimalt made their way to the polls. At up-island points also, particularly in the Alberni region, it was raining heavily.

It started raining in Victoria at 6 o'clock yesterday evening and at noon to-day 1.73 inches had been measured at the Gonzales Observatory. Mr. Denison said this was a heavy rain, but by no means a record, as November is the wettest month of the year.

SAANICH AND ESQUIMALT  
The steady downpour of rain kept the early voting in Saanich and Esquimalt ridings fairly light, according to information received from committee rooms and polling stations at noon. Esquimalt township especially showed a particularly small vote with only 422 ballots cast out of 2,435 in the first four hours of voting. However, the evening voting is expected to be heavy in this section.

Saanich reported a slightly better showing, with a fair volume in the inner wards. Actual figures were not available.

As far as could be ascertained, little if any trouble was experienced over the voters' list, as was reported in Vancouver, where many voters were disqualified because their relatives had signed their affidavits for the list.

### RELIEF MEN GO ON STRIKE

Fifty at Medicine Hat Protest Forced Sale of War Veteran's Property

Canadian Press  
Medicine Hat, Alta., Nov. 2.—Unemployed strikers appeared in Medicine Hat to-day, following a decision against appearing at relief jobs by a jobless meeting, sponsored by the Workers' Central Council. The strike started this morning.

Quitting of relief jobs is in protest against a sheriff's sale of property owned by a relief man who owed a rent debt of \$17.70.

Mayor J. Bullivant declared that if the men refused to work the city would refuse to feed them. About fifty men left their relief tasks.

The mayor emphasized the city council would take no action. Following this the strikers sent large bodies of pickets to various relief works, urging all workers to drop their tools.

The jobless had urged the Alberta Attorney-General's Department to intervene in the sheriff's sale case, and petitioned the district court judge and the mayor, but to no avail.

VANCOUVER DEATH  
Vancouver, Nov. 2.—Mrs. Alex Henderson, wife of Alex Henderson, K.C. of Burnaby Street, died early this morning in St. Paul's Hospital. She was taken ill suddenly on Tuesday and was removed to the hospital.

## Saskatchewan Hen Is Unofficial Champion

Canadian Press  
Saskatoon, Nov. 2.—The record of Dauntless Derreen, British Columbia White Leghorn, of 357 eggs in 365 days equal the world record in any official laying contest. Other records are not officially recognized, but Lady Victoria, Barred Plymouth Rock at the University of Saskatchewan, three years ago produced 358 eggs in the

365 days of her pullet year, according to the records of the institution.  
"A pullet, needs a little personal attention to lay 358 eggs," Prof. R. K. Baker of the university poultry department remarks. "A few small heads of fife growing green corn, any little snack of green stuff that will tempt the appetite, helps a lot."

Nanaimo, Nov. 2.—The unemployment committee of the city council at a special meeting this week decided after November 1 the unemployed will revert back to the scheme of working only for the city share of relief.

## TEXAS GUINAN TO OPEN CLUB

Texas Guinan, queen of the night clubs, who will arrive in Victoria on Sunday with her fan dancers, plans to return to New York by the end of the year to open the biggest night club ever conceived by Broadway.  
John Stein, Texas Guinan's advance manager, who is at the Empress Hotel to-day, stated that Texas will hold a dazzling party on New Year's Eve when she will open her newest night club at Forty-seventh Street and Broadway. It will occupy a whole city block and seat 2,000 people. The club, he stated, is designed after the Montmartre, famed Bohemian quarter of Paris, and will boast a swimming pool of corresponding magnificence to the one at the Lido.  
It is the most spectacular effort ever attempted by Texas Guinan, who already owns five night clubs in New York City.  
Prominent among the European artists she is bringing out for the New Year's Eve opening at the club is Raquel Meller, who is shortly sailing from Paris to put on a big ballet for Texas. Texas Guinan and her gang of forty entertainers will be in Victoria at the beginning of the week to fill an engagement at the Empire Theatre.

## POLICE RAID CHINESE CAFE

Special to The Times

Port Alberni, Nov. 2.—In search of narcotics and other contraband officers of the R.C.M.P. from Victoria, together with Chief H. Davey and Constable Taylor of the city police force, raided the premises of the Shanghai Cafe, First Avenue, Tuesday morning. Several bottles of beer, two of gin, and some rum and whiskey were found on the premises, as well as opium smoking paraphernalia, but no narcotics were discovered, although the building was diligently searched. The police confiscated the booze and other illegal articles.

As a result of the raid, Sam Lung will face two charges, the first for being in possession of opium smoking equipment, and the second for keeping liquor for sale in a restaurant. Sam's Chinese cook has also been charged under the same section of the liquor act.

## CITY HALL VOTE IN VANCOUVER

Canadian Press

Vancouver, Nov. 2.—Members of the City Council will convene next Tuesday morning to decide if the ratepayers of Vancouver will be consulted at the city election.

Yesterday a special committee decided to recommend to the council that a plebiscite be submitted at the election to ascertain if voters prefer, as a city hall site, either the Central School area, south of Victory Square, or city-owned property on Main Street opposite the C.N.R. station. It was also recommended a second referendum be taken to learn if the ratepayers are in favor of construction of a hall on either site, financed on a twenty-year amortization repayment plan.

## Ontario Hotel Beer Scheme

Canadian Press

Toronto, Nov. 2.—Proposals of the Hotel Association of Ontario for sale of wine and beer in hotels, under two separate license plans, were made public yesterday by Premier George S. Henry.

Two grades of hotels would be licensed to sell beer and wine, or beer only under the association's scheme. "A" hotels would be licensed to sell both wine and beer, licenses costing from \$350 in places under 3,000 population to \$1,500 in cities of 50,000 or over. Beer licenses would be granted "B" hotels at a cost of from \$200 to \$500.

## FOUR FLORIDA NEGROES SLAIN

Associated Press

Arcadia, Fla., Nov. 2.—The bullet-riddled bodies of four negroes—three women and a man—were found in a palm-tree thicket five miles east of here by two cow riders yesterday. The position of the bodies indicated they had been thrown from an automobile which had been run about 100 yards into the thicket.

The negroes were identified as Jack Johnson, his sister, Leslie May, Thomas Morgan and Jessie Strawn. They had been missing since early Saturday, Sheriff Joe Hampton said.

## FRUITGROWER LOSER

Orange, Wash., Nov. 2.—(Associated Press)—William Morrow Clark's six acres of pear trees yielded eighty tons of fruit, and his gross profit was \$2.

This was not clear profit, however, he said, because taxes, irrigation and drainage district assessment and interest on principal had to be deducted.

## Anti-Jewish Moves In South Africa Protested

Smuts Warns of Dangers of Any Racial Campaign in the Union

Canadian Press

Pretoria, Nov. 2.—General Jan C. Smuts, South African Finance Minister, yesterday voiced warning against any attempt to work up anti-Jewish feeling in the Union. General Smuts said he considered it possible certain charges made were merely expressions of private spite or personal prejudice.

"Unfortunately," he continued, "there are indications they represent an organized movement for commencement of a campaign to foster and exploit race feeling and class antipathy among our people." This "lamentable movement, with its origin abroad," was attempting to import into South Africa the alien hatreds and rancor of the old world when South Africans were making a supreme effort to get away from the unhappy divisions of the past.

## SAYS NRA NOW HELPS CANADA

Sir Henry Drayton Sees Gains For Dominion in Export Markets

Canadian Press

Toronto, Nov. 2.—Possibility of the export business of Canada benefitting at the expense of the export business of the United States as a result of the NRA, as it now operates, was foreseen by Sir Henry Drayton, one-time Canadian Minister of Finance, in an address before the Incorporated Accountancy and Auditors' Association of Ontario, Toronto, Chapter, yesterday.

One direct effect of the NRA, according to Sir Henry, was an increase in costs.

"Increased price levels must always injuriously affect export business," he declared. "I expect the export business of the United States will be, as matters now stand, injuriously affected by the NRA. Its success would be a real benefit to us. Its success would mean the total absorption of much of the product of that country by its own consumers, and the removal of much American competition in markets where we have always in the past competed." The extra cost which the NRA places on the American producer will help the Canadian producer in the export market.

## CITY PROPOSES RECOVERY PLAN

Lethbridge, Nov. 2.—Lethbridge will launch its own recovery programme if the provincial and federal governments will grant the city a loan of \$500,000, interest free for nine years. If it is granted the city will build a new city hall and a new central fire hall, undertake an extensive paving programme, build two swimming pools and improve the city's playing fields.

The representations were made yesterday by Mayor James Harrowman in a letter to Hon. O. L. McPherson, Alberta Minister of Public Works. In return for the interest-free loan, the city would pay the full cost of the labor involved in the undertakings. In addition the city, to a large extent, would absorb into the undertakings the married men now receiving direct relief, costing the city about \$100,000 a year, and the two governments another \$100,000.

## CESPEDES MAY BE PRESIDENT

Mendieta, Dominating Cuban Figure, Said to Favor Him For Post

CARLOS M. de CESPEDES

Associated Press

Havana, Nov. 2.—All eyes were on Carlos Mendieta today as Cuban turned back to the political councils after a night of near terror in the capital. Demands were renewed, as the labor situation continued tense, that the veteran Nationalist leader form a government to supplant that of President Grau San Martin.

But it was reported in some quarters Mendieta might decline to sacrifice his political future by becoming Provisional President. Sources close to Mendieta said he personally favored return of Carlos Manuel de Cespedes, who stepped out to make way for Grau.

## BOMBS EXPLODE

The political question was overshadowed during the night by violence marked by the explosion of twelve bombs and rifle and machine gun firing. One bomb hit go while being examined at police headquarters, fatally injured an explosive expert, many others wounded in that and other blasts, were in a serious condition today.

## TO APPEAL TARIFF BOARD RULING

Canadian Press

Toronto, Nov. 2.—The Toronto Globe today published the following dispatch from its correspondent in Ottawa:

"Canadian manufacturers plan to lodge an appeal to the Governor-in-Council against the Tariff Board's ruling that orders-in-council and appraisers' bulletins imposing arbitrary valuations on certain British goods ceased to be in effect when Parliament on November 25 last, amended section 43 of the Customs Act, exempting from the provisions of the section goods entering Canada at the British preferential or any lower tariff."

"The appeal to the Governor-in-Council, which is the Dominion cabinet, in the late twine case, will be in the nature of a test."

"The question to be decided is whether the orders-in-council passed prior to the amendment of the statute are still valid."

## CONDUCTOR ILL

San Francisco, Nov. 2.—(Associated Press)—Isaac Dobrowman, conductor of the San Francisco Symphony Orchestra, was recovering from a nervous ailment in a sanitarium today. While hospital attendants described his condition as "very good," it was said he would not be able to conduct during the coming opera season.

## Tammany Abandoning Mayor in Election

New York, Nov. 2.—The New York Sun says persistent reports point to the probability Tammany Hall will abandon Mayor John F. O'Brien's candidacy for re-election should it appear hopeless within the next few days and throw the Tammany organization vote to Fiorello La Guardia, Fusion candidate.

"If (Tammany) scouts, whose forecasts are notoriously accurate, report O'Brien cannot be elected, Tammany will ask itself what it can save from the wreck, and how to save most," says the paper.

## Oil Well Burns; Tanks Destroyed

Oklahoma City, Nov. 2.—A blazing oil gusher that endangered this city's wholesale district for seven hours was shut down by fire-fighters late yesterday.

Shortly afterward a series of explosions on the Capital Producing & Refining Company's lease nearby destroyed four empty oil tanks. No one was reported injured. Flames playing around the tanks caused the blasts, which were felt in the business district two blocks away.

The Russell Petroleum Company's No. 1 well caught fire yesterday morning from an undetermined cause. Russell Company officials charged negligence on the part of the city fire department in not rushing against the blaze as soon as it arrived on the scene. Fire department officials replied they wanted an understanding as to who would pay for the city's supply of chemicals, since the burning well was outside the city limits.

## ROBBERY IN VANCOUVER

Vancouver, Nov. 2.—(Canadian Press).—Mrs. Mary Zinevich, Heatley Avenue, was robbed of a purse containing \$154, two diamond rings and other articles while walking near her home yesterday evening. A man came up behind her, snatched the purse from under her arm and fled.

## BOMBS ARE SET OFF IN VIENNA

Associated Press

Vienna, Nov. 2.—A bomb exploded yesterday evening in Chancellor Dollfuss's patriotic front headquarters in the Heitzing district of Vienna. Windows were smashed, but otherwise there was no damage.

Later in the evening a paper bomb exploded in front of a Heitzing synagogue, likewise without causing damage.

## FOR RELIEF OF DISTRESS

Mitsui, Japanese Banking Family, Give \$8,526,000 For Peasants

Associated Press

Tokyo, Nov. 2.—The multi-millionaire house of Mitsui, Japanese banking family, yesterday announced establishment of the Mitsui Foundation with 30,000,000 yen, to relieve peasant distress.

At current exchange rates 30,000,000 yen are about \$8,526,000 in Canadian funds. It is believed to be the largest private benefaction in the history of Japan. Funds will be allotted to organizations working to alleviate the poverty of farmers and fishermen and to scientific and industrial research groups for the same purposes.

The announcement did not mention the aims of the foundation, but vernacular newspapers recalled the Mitsui family has been a shining target for reactionary patriotic agitators in the last two years, largely as a result of agrarian poverty and resentment against the capitalists' profits.

Ben Takuma Dan, managing director of the far-flung Mitsui interests, was assassinated March 5, 1932, by a member of the outlawed Blood Brotherhood.

## PRISONERS' TALK EARNS PENALTIES

Three St. Pierre-Miquelon Convicts Frequently Got Out; Scheme Now Ended

Canadian Press

St. Pierre, Mig., Nov. 2.—Three prisoners, accustomed to walking in and out of jail almost at will and enjoying the best of food, have lost their liberty and must be content with rations for years to come—and all because they got drunk and talked too much.

Unknown to their guards, the trio had made keys to their cell. One by one evening they had ventured forth for a stroll. It was on one of these occasions they sauntered down to the French trawler Capricorne.

Going on board, they offered to swap liquor for cigarettes. Some members of the crew thought it was a great idea. The visitors made themselves quite at home and the liquor loosened their tongues.

The crew told the captain. The captain told the trawler agents. The trawler agents told the gendarmes, who worried nearly to death by an epidemic of burglaries.

Questioned, the "prisoners" readily admitted they had keys and they had been going out nearly every evening. Well-stocked corners of their cells solved the mystery of burglaries.

Two were sentenced to serve four years in addition to their original terms. The third was given an additional year.

## MUST CONTROL BANK SYSTEM

U.S. Faced With Necessity of Widening Currency Plan, Says English Professor

Associated Press

Oxford, Eng., Nov. 2.—The United States Government's programme of controlling the currency will be fruitless unless it controls the banking system of the United States as well, says Professor Frederick Soddy, noted scientist and economist of Oxford University.

"Democracy can not afford to leave the power of the issuance of money in the hands of anyone but its own government," he added. "You can not have stability as long as you have bank credit."

Return of money and credit to the consumer by issuing new money by the government is the solution which Professor Soddy advocates for the present situation in the United States.

## JAPAN SEEKING AMERICAN TRADE

Government Aids Firms in South and Central American Fields

By Percy Whiting, Canadian Press Staff Writer

Tokyo, Nov. 2.—Baron Nakajima, Japanese Minister of Commerce and Industry, has decided on the formation of a strong corporation to be called the Central and South American Trading Company, to promote Japan's commerce with the Latin-American countries.

This project is fully in line with the determination of the Japanese Government and manufacturers to get a larger share of the South American trade—a determination more pronounced since protests from India and other countries of the British Empire against flooding of their markets with quantities of Japanese goods at cheap prices.

The object of the new corporation, exclusively concerning Latin-American business, is to induce modification of export control and import restrictions in those countries.

## INVESTMENTS PLANNED

A feature of the proposed new corporation is that it is to be founded with joint investment by private trading interests. The government, with the approval of the Imperial Diet, will invest the corporation with authority to monopolize commerce between Japan and Central and South America.

The Japanese Government will endeavor to aid the corporation in concluding special agreements with trading concerns in Central and South America for commercial transactions, exchange control, and import restrictions in favor of Japanese exporters.

## POISON KILLS FOUR

International Falls, Minn., Nov. 2.—(Associated Press).—Four workmen were dead today and three in a serious condition after drinking poisonous liquid drained from a car radiator. One died after being found, entirely blind, by local police.

## VIOLENCE IN FARM STRIKE

Milk Dumped and Factories Bombed in Wisconsin While Governors Confer

St. Paul, Minn., Nov. 2.—Course of the farmers' long-drawn-out strike for higher prices to-day was marked by additional recruits in Minnesota and outbreaks of violence in Wisconsin.

While governors of five Middle West states took the farm strike problem to President Roosevelt at Washington, the Minnesota Farmers' Holiday Association announced that starting to-day, its members would attempt to "tie everything up tight" so far as farm products were concerned.

Violence was reported in several sections of Wisconsin yesterday, and in the evening about 100 farm strikers seized an interurban car at Watford and dumped 17,000 pounds of milk. Windows in a cheese factory at Plymouth, Wis., were shattered by a bomb and milk was dumped in Milwaukee.

The strike in Wisconsin was also marked by the repudiation by three county holiday association units of the leadership of the state president, Arnold Gilbert, who recently ordered the anti-selling movement to be temporarily suspended. Leaders of Wood, Marathon and Clark counties said they wished to continue the strike, despite Gilbert's order.

The Minnesota unit decided to withhold produce and livestock from market until prices reach the cost-of-production level. Meanwhile, the group recommended its members pay no taxes and no interest and prohibit "forcible collection of debts."

Miles Reno, president of the National Farmers' Holiday Association, said at Des Moines the farm strike was in "inactive suspension" pending the governors' conference with President Roosevelt.

## MUST CONTROL BANK SYSTEM

U.S. Faced With Necessity of Widening Currency Plan, Says English Professor

Associated Press

Oxford, Eng., Nov. 2.—The United States Government's programme of controlling the currency will be fruitless unless it controls the banking system of the United States as well, says Professor Frederick Soddy, noted scientist and economist of Oxford University.

"Democracy can not afford to leave the power of the issuance of money in the hands of anyone but its own government," he added. "You can not have stability as long as you have bank credit."

Return of money and credit to the consumer by issuing new money by the government is the solution which Professor Soddy advocates for the present situation in the United States.

## Oil Well Burns; Tanks Destroyed

Oklahoma City, Nov. 2.—A blazing oil gusher that endangered this city's wholesale district for seven hours was shut down by fire-fighters late yesterday.

Shortly afterward a series of explosions on the Capital Producing & Refining Company's lease nearby destroyed four empty oil tanks. No one was reported injured. Flames playing around the tanks caused the blasts, which were felt in the business district two blocks away.

The Russell Petroleum Company's No. 1 well caught fire yesterday morning from an undetermined cause. Russell Company officials charged negligence on the part of the city fire department in not rushing against the blaze as soon as it arrived on the scene. Fire department officials replied they wanted an understanding as to who would pay for the city's supply of chemicals, since the burning well was outside the city limits.

## ROBBERY IN VANCOUVER

Vancouver, Nov. 2.—(Canadian Press).—Mrs. Mary Zinevich, Heatley Avenue, was robbed of a purse containing \$154, two diamond rings and other articles while walking near her home yesterday evening. A man came up behind her, snatched the purse from under her arm and fled.

## POISON KILLS FOUR

International Falls, Minn., Nov. 2.—(Associated Press).—Four workmen were dead today and three in a serious condition after drinking poisonous liquid drained from a car radiator. One died after being found, entirely blind, by local police.

## HAIL, DAUNTLESS DERREEN!

Hats off to Dauntless Derreen, M. H. Rutledge's White Leghorn hen which laid Tuesday at Agassiz laid its 357th egg and tied the world's championship egg-laying record of No. 2 Drone 5-H of Port Kells, also of British Columbia! During the last week or more Dauntless Derreen was an international figure. She chased Cadborosaurus off the head-lines of the continental press; she became a topic of conversation on the elevated and in the subways of New York. Bets were offered on her prospects of eclipsing the championship, and then, when she missed a day because she over-worked herself on a particularly large egg last Friday, on her prospects of equalling the record. If she had only put a little less into that big egg and left enough for a smaller one she would have over-matched No. 2 Drone.

Of course there are many who dispute the achievement of these two British Columbia hens. Newspapers in many places carry reports from poultry raisers that hens in their possession have laid more eggs in a year. A Kansas farmer says he has a hen which has laid 358 eggs, but these claims are not authentic. Besides, they were not recorded in duly organized competition. We have known many golf players, for instance, who claim to have done eighteen holes in 76, but who never broke 80 in competition.

Derreen did her remarkable stunt under the great white light of international publicity, in effect before an audience as large as that of the Disarmament Conference or the League of Nations. People who scarcely gave Hitler a passing thought showed keen interest in the egg-laying progress of Dauntless Derreen, an entirely proper thing to do, since the White Leghorn in the final analysis dealt with fundamentals much more important than the dithyrambs of the German dictator. After all, an egg is more nutritious than tripe.

Dauntless Derreen will take her place with Percy Williams, and Jimmy McLarnin, the Blue Ribbon Basketball team, the sea serpent, the scenery of the Rocky Mountains and the present British Columbia election as a publicity winner for this province. We owe her a great deal.

## STRIKING ELECTION RESULTS

While the verdict in municipal elections in England and Wales is not always a reliable reflection of the British public mind, the gains the Labor candidates made in yesterday's polling in 105 towns would seem to be more than ordinarily significant of the rising strength of their party. Labor is credited with 180 gains and only seven losses; the Conservatives gained nine and lost 112; the Liberals gained ten and lost thirty-three; the Independents gained ten and lost fifty-two. No polling took place in the County of London; the triennial elections of borough councils are not due until next year. In the rest of England and Wales one-third of the members of councils retire each year.

Yesterday's contests will give Labor a much greater representation on all the councils involved, and in a number of boroughs the Labor members will be in a majority. This imposing turnover, incidentally, is especially significant as it comes only a week after the sensational government reverse in the London borough constituency of East Fulham, where a Conservative plurality of more than twelve thousand in a three-cornered contest in 1931 was turned into a Laborite majority of nearly five thousand in a straight fight against the standard-bearer of the National government.

While it can hardly be said that a parallel exists between a parliamentary and a municipal contest in Britain, it is to be noted the Labor party is pursuing a vigorous campaign against war and a further substantial reduction in armaments. What influence this campaign had on yesterday's voting, if any, we do not know. Local issues naturally would have a great deal to do with the results. But it is known that in the parliamentary battle in East Fulham a week ago, purely domestic matters, such as the cost of food and rent, were definitely tied to the large issue of war and armaments and the vast sums of money that are being expended on them. Before polling day in that constituency the Conservative candidate declared he was "strongly opposed to further reductions in British arms."

It is well-known, of course, that such Conservatives as Mr. Baldwin, and indeed the majority of the members of the British House of Commons are solidly in favor of peace and disarmament by agreement. Relatively, Great Britain has done more disarming than any other nation. Evidently, however, the Labor party thinks a good slice of the annual outlay on armaments should be applied to the improvement of living conditions and the promotion of schemes to reduce the size of the idle army. It is an argument which seems to be having its effect on the public.

## NO APOLOGY NEEDED

The Regina Leader-Post confesses that it has been accused of misrepresenting Canada's trade position under the Bennett government, in claiming that this country's external trade is expanding.

Our contemporary of the Saskatchewan capital need not excuse itself in the least. Its contention that Canada's trade since the Bennett government took office has shrunk is supported by the official statistics issued by the external trade branch of the Dominion Bureau of Statistics, the department over

which Hon. H. M. Stevens, Minister of Trade and Commerce, presides—and they are the statistics issued by his authority.

The figures to which we allude are public property. There is nothing secret about them. Take the Dominion's external trade for the twelve months ending August of this year. It shows sales amounting in value to \$495,424,357 and purchases worth \$380,735,437. In the twelve months ending August, 1932, Canada exported goods worth \$531,373,712 and imported goods worth \$482,797,422.

The official figures we have quoted show that Canada's external trade has declined in the last twelve months by no less than \$138,000,000. Take the statistics for the year ending March 31, 1930, the last full year of the King administration, and we find the total value of exports and imports was \$2,393,211,652, or \$1,517,051,858 more than in the twelve months ending August this year.

Not only has Canada's trade shrunk to the level at which it stood in 1912, but the government in office at Ottawa, by its fiscal policies and its failure to avail itself of opportunities for increasing the country's business, has pursued an economic course which to a very large extent is responsible for our serious unemployment problem.

The Regina Leader-Post, in telling its readers that our trade has not expanded under the Bennett government, is merely speaking with the authority of the government's own statistics.

## SAMUEL INSULLPOULIS

News from Chicago announces that Samuel Insull has decided to become a citizen of Greece and that his name will be changed to Samuel Insullopoulis. It is even hinted that he may run for Parliament in the country which has refused to turn him over to the United States authorities for an accounting of the financial transactions which brought about the bankruptcy of his utilities investment companies.

Mr. Insull seems to be a relatively fortunate man. He apparently was far-sighted enough to put some of his gains away to which nobody but himself could obtain access. With this money he has been able successfully to contest extradition proceedings, and the doing of it required large expenditures for which Greece evidently is very thankful.

Mr. Insull may change his name to Insullopoulis. He may remain in Greece for the rest of his life. He may live in comparative luxury to a good old age. But when he reaches the closing moments of his life he will draw his last breath with the knowledge that through his actions and the system of which he was an adept exponent thousands of people were ruined. Adding opoulis to his original name will not help him when he faces eternity.

## STRICT PRECAUTION NECESSARY

Mr. Beatty, president of the Canadian Pacific Railway Company, and Brigadier-General Hornby argue that Canada must increase its population by another 10,000,000 persons as quickly as possible in order to spread the debt burdens and to make use of the economic machine which has been erected. Mr. Beatty wants more British people and he realizes that those who come should be able to sustain themselves until they have found their niche in this country, or are earning or producing sufficient for their needs. In other words, he is looking for people with capital, or people who would come to Canada under a scheme properly financed in Britain.

It is elementary to say that if Canada had twenty millions of people the economic problems with which the Dominion is confronted would not worry us a very great deal. But not only have we not got twenty millions, but out of the ten and a half millions we have more than a million drawing relief from the state in one form or another. Our population problem, therefore, for the time being, is one of putting to work those who are already here. When we have succeeded in doing this it will be time to talk about bringing others in. Under no consideration will any state-aided plan be considered until conditions improve.

There is no need to tell the people of Canada that the country needs people with capital who are able to look after themselves. There never has been any bar to these people. If the advocates of an immigration policy which will attract such migrants want it to succeed, their best plan would be to conduct their campaign in the countries from which they desire to draw them. But it should be clearly understood that as soon as a newcomer, knowing all the circumstances, becomes a public charge, he or she should be liable to deportation. Canada simply can not afford to take any more financial risks of this kind.

Immigrants, healthy in mind and body, willing to become good Canadians, able to look after themselves for an indefinite period if necessary, always will find a warm welcome in this country. But nobody should be admitted at present unless he or she fully meets these conditions.

## WHAT OTHER PAPERS SAY

THE HOME STRETCH  
The Toronto Mail and Empire

The recent appreciation in the value of the Canadian dollar in the United States has made it easier for this country to meet its obligations south of the border. The revenue from the sales and excise tax is rising. The speedy and overwhelming success of the new Conversion Loan caps the climax for Canadian good news. We have a long road to travel back to full prosperity, but we are on the way.

UNEMPLOYMENT RELIEF  
The Calgary Herald

The attitude of the present and past federal administrations has been that unemployment relief is primarily a municipal problem. Public opinion has long since agreed that the care of the unemployed is a federal responsibility. At the present time this city is devoting one-third of its revenue to relief. Obviously that cannot last much longer. An adequate federal policy concerning relief should not be deferred further.

## A THOUGHT

And in the greatness of thine excellency thou hast overthrown them that rose up against thee.—Exodus xv 7.  
It is not the victory that makes the joy of noble hearts, but the combat.—Montaigne.

## Loose Ends

Well, we're for it now—and nothing can stop it—whatever it is—and while all your predictions may turn out right, you really don't know anything about it—and a wise fellow, like me, will be surprised at nothing.

By H. B. W.

## ON THE EVE

WELL, WITHIN A few hours after you read this, the secret will be out, the ballot boxes will bring forth their offspring and most of the political prophecies of the last six months will appear alarmingly funny or very dismal, according to your politics. Even now, as you read this, the last but very momentous vote is being cast which will swing an entire constituency from Conservatism to Liberalism or vice versa. It is a solemn thought, oh, very solemn.

Now that it is too late to influence any votes, and I cannot be accused of Liberal propaganda or secret support for the Talmie Government, I desire to say a few things that wouldn't influence any votes anyway. I desire to say, having visited most of the constituencies throughout the province, having sized up the situation in detail, having got the inside dope and the low-down on everything, and having generally equipped myself better than any man in British Columbia to form an opinion on the result—I desire to say, four hours before the polls close, that I know nothing whatever about it.

## THEY DON'T KNOW

I AM SURE of nothing—except that no one knows any more about it than I do. No one has any real idea what is going to happen. If it all turns out as some friend of yours predicted, or as some party organization asserted in advance, then it will be purely a coincidence. To-day, as the polls close, no sensible man attempts to guess what is going into the ballot boxes. Any man who thinks he knows is a fool, even if it turns out that he is right. He has no reason to know. He can have no way of knowing.

Before I went into the distant places I thought I knew all about the election. That is a peculiarity about people on the Coast—they think they know all about the country. The country, of course, is true. The country knows far more about the Coast cities than they know about the country, for the obvious reason that all channels of information, newspapers, radios and travelers, go from the city to the country. Yes, the Coast politicians think they know all about the country and actually they don't even know about their own territory. About the country they know still less. I thought I knew how the country was going when I left here some time ago. I came back without any idea whatever.

## NO SURPRISES

NOTHING WILL surprise me—absolutely nothing, but the triumphant return of the Talmie Government, which has nominated in less than a third of the seats, or a majority of the United Front. Those two results would surprise me a little but nothing else. Because, you see, there are probably twenty seats, nearly half the Legislature where, with four or five candidates running, the result is bound to be extremely close, where the switch of a few ballots at the last minute may alter the result entirely.

The seats are just on the taster. If they all taster into the Liberal column, the Liberal Party will have an overwhelming majority. If they all go against the Liberals, the Liberal Party will get the largest group only. No one seems to doubt, not even the strongest Conservatives, that the Liberal group will be the largest in the House. The only question is whether it will control a majority. One thing about which all appear agreed is that Mr. Pattullo will be Premier, but the point which stumps everyone is whether he will have to seek the co-operation of another group or not.

Shortly after you read this you should know, and then, perhaps, all previous calculations will appear absurd. But remember that I shall not be surprised whatever happens or rather I shall be surprised at everything. This, I feel sure, will be a mighty comfort to you, if your party loses. No matter how great your disaster, remember that I am keeping a stiff upper lip. That will compensate you for everything.

## STRANGE PLACE

IT IS INTERESTING to observe British Columbia during the birth pangs of a new government. It is at a time like this that you realize, as you travel through it, the tremendous sweep of this country, its strange contrasts and the isolation of its people, one from another.

They will be talking politics tonight in the radiant dining-room of the Vancouver Hotel and around the vast red-hot stove of Kelly's little stopping house in little Barkerville. They will be making bets in the Greek Club down the street. They will drive into Vanderhoof and Burns Lake on bobbeds to hear the news and mill about Vancouver's Victory Square in thousands to read the bulletin boards. In Grandpa O'Shea's great log house on the mountain they will sit around the radio and all the cowboys will be allowed into the parlor for the evening. Dan Murphy will be sending his brown mare just about now to ride into Ashcroft from Cache Creek and learn the tidings in the beer parlor. Charlie Bass will row ten miles down his lake, in the teeth of a north wind, to Johnnie LeDuc's place, because Johnnie has a radio, and ten miles back again, while you enjoy the fruits of democracy and hear the people's verdict in your comfortable, steam-heated sitting-room.

## SERIOUS STUFF

BUT THIS IS no ordinary election. I know that politicians always have their arms and proclaim every

four years that the election then under way is the most important in history; but still, after all this has been discounted, it remains the most vital provincial election in our time. You feel that throughout the country. You feel the earnestness and solemnity of it. The people of this province are thinking as they never thought before. They have to. It was all right to treat an election as a horse race or a circus in the old days, but we can't afford that luxury just now. Rightly or wrongly, the average man thinks that his own life, his home and his family, will be intimately affected by the result of the vote.

No doubt he expects too much. No doubt the new government, whatever it is, will find itself pretty unpopular six months from now when it can't deliver the millennium all wrapped up in cellophane. But that is the mood of the public; it thinks it is voting for or against its bread and butter. No other issue counts. No one talks of selling the P.G.E. No one believes you if you promise to reduce taxation. The old argument about liquor is useless. Only one thing is the people interested in—betterment. "What's the use of it?" is the slogan of the election.

SOME AMUSING things happen, though, even in this deadly earnest business. The other day, for instance, a candidate I know in the southern interior received a letter from a lady who blended rum and religion thus: "May God move the hard hearts of the people in this— to vote for you, Mr. So-and-so. This I pray every night. But if you could send along a bottle of rum, Mr. So-and-so, I think it would help to convert these people. Please send it express or it will be too late. And may God bless you."

A couple of friends of mine were in a northern town a few days ago when a fellow asked them for a quarter to buy some meat for his starving children. My friends, feeling pity for him, donated 75 cents. The fellow's joy was beautiful to see. "Well, gent," said he, "who do you want me to vote for? Another two-bits and I can get you two more votes." It was difficult to persuade him that my two innocent friends had no interest in the election at all. He couldn't understand why they should part with 75 cents otherwise.

## RELIEF WORK PLANS

(Continued from Page 4)

recourse to borrowing, either from Ottawa or the banks at interest. Believing that direct government action is necessary as private industry will not function to take care of the situation, as now exists, I suggest the following plan be followed:

1. That a register of every employable unemployed be made, information to include the work that each is by training and physique adapted for.
2. That a survey be made to ascertain what desirable public work and activities can be carried out by government, especially in areas where the greatest unemployment exists.
3. Finance said public works and activities by the issue from time to time as required of non-interest-bearing bonds of small denominations, which would be used and accepted in payment for supplies and wages. These bonds would circulate in the same way as bank notes which are also simply "promises to pay," but the bonds would have the advantage of the guarantee of the Province of British Columbia behind them. This is the germ of the idea; details can be worked out by experts.

It will be said that this is an invasion of the rights of the chartered banks. That may be so, but the times demand extraordinary methods, and it is probable that general business would be so stimulated as a result of such action that the banks would benefit thereby.

For the sake of the younger generation something has got to be done, and done quickly. I am not a politician, and girls denied an objective in life is being rapidly impaired. There is little scope for ambition, no outlet for their energies. This is one of the most serious of the problems facing the young people of this country, and it is forcing intelligent and thoughtful people to study our economic system with the object of determining and correcting the fundamental errors responsible for present-day conditions.

ALFRED CARMICHAEL,  
1210 Broad Street, November 1, 1933.

## "A PETITION OF GRIEVANCE"

To the Editor:—Continuing my complaint of the rights of the poor, may I be allowed to say, Mr. Editor, that I had no desire to serve on that delegation appointed to wait upon the City Council, regarding increased rates of the sewerage public utility, and so have no cause to "curry favor with the masses." I am having God know, all the trouble I care for, endeavoring to keep the sheriff from turning me out of doors, as he did those wretches on Caledonia Avenue last week-end, but being prevented from doing so, I deem it my duty (if not my privilege) to render what little assistance was possible to me in the circumstances.

I may say, sir, that I served as mayor of my town for three years during the Great War, when one's best energies were constantly in requisition day and night, and that I never at any time received a single dollar by way of indemnity as remuneration for such service. Two of my brothers lost their lives (one of them being blown to bits) within a week or so of reaching the Western Front, who had volunteered for active service whilst serving as president of the Trades and Labor Council, and Leithbridge, Alberta; I signed a written consent (God forgive

## THANKS TO BUCKLEY'S HE NEVER WORRIES ABOUT BRONCHITIS NOW

Mr. Clifford G. Morrison, Rainy River, Ont., has abundant reason to bless the day he heard of BUCKLEY'S MIXTURE. Since his school days he has suffered torture from bronchitis, but now it is the first sign of an attack he nips it in the bud with BUCKLEY'S MIXTURE. He says: "My experience with this wonderful medicine makes me always keep a bottle in the medicine chest—I never worry about bronchitis now."

Mr. Morrison's experience can be yours. If you are lying awake nights, racked to pieces with coughing, choked up until you can hardly breathe, just try BUCKLEY'S MIXTURE. You will be astounded how quickly the cough will stop, how your breathing will instantly become easier.

There's nothing like Buckley's for quick, sure, safe relief. It acts like a flash—A single sip proves it.

## BONDHOLDERS TO TAKE LOSS

## Union Club Debt to Be Scaled Down Under Royal Trust Court Action

Holders of \$50,000 second mortgage bonds of the Union Club have no hope of realizing anything on them. H. G. Heisterman, counsel for the Royal Trust Company, told Mr. Justice Robertson in the Supreme Court yesterday in the action for readjustment of the club's financial structure and scaling down its debt brought by the Royal Trust for the bondholders.

"The Royal Trust valuator reports that the Union Club if pushed to sale now would bring only \$75,000, although it cost many times that," said Mr. Heisterman. "This means that holders of the \$100,000 of first mortgage bonds would realize less than 40 cents on the dollar."

H. G. Lawson, counsel for the Union Club, agreed with Mr. Heisterman's position that nothing would be gained by going to the expense of formally notifying the bondholders of the present proceedings. Mr. Justice Robertson then issued an order along the lines of Mr. Heisterman's application that notification be dispensed with.

Mr. Heisterman informed the court that the will of A. G. Plummer, who was one of the interested parties, had not yet been probated by his estate.

The judge ordered that the legal notification be sent to the Plummer estate and the official administrator, had not yet been probated by his estate.

## CHIVALRY AWAKES IN AUSTRIA

Austria is about to witness a renaissance of the days of chivalry, when a day in distress sent gallant knights to the rescue, if rumors current in Vienna are true. Arrested recently on suspicion of being implicated in a wide-spread pro-Nazi plot to overthrow the government of Chancellor Engelbert Dollfuss, Princess Margot Sachsen-Meiningen is detained in her castle at Kalgenfurt. Rumor hath it that an organization known as the "Knights of Carinthia" is planning a romantic rescue. The Princess's husband, Prince Bernhard, is in jail serving six-weeks' sentence for flaunting a Nazi emblem on his auto.

## Intimates

"Loud mockers in the roaring street  
Say Christ is crucified again;  
Twice pierced His gospel-bearing feet,  
Twice broken His great heart in vain,  
I hear—and to myself I smile—  
For Christ talks with me all the while."  
—Richard Le Gallienne.

For one hath said "Tis mine to take the place  
Of Him, your Lord and Master, dead and gone.  
Unlike to Him, I see you face to face,  
His kingdom, power, and glory, mine shall be alone."

"Ye called Him Master, Lord,—and ye did well,  
For so He was, while still He lived with you.  
He's now the late,—and your souls shall sell  
For daily bread and show, and ye my will shall do."

"Scorn on His sacred name! Wolves break His fold!  
The 'ambassadors of God' sleep at their post.  
'Let deeds of shame overwhelm, as love grows cold.  
The way, the truth, the life—hath been forever lost."

"No more shall rise the 'our Father,'—Never more  
The 'Lord-made-flesh,' nor Holy Spirit, deign  
To change man's barren soil to lambent ore.  
By 'bread alone' he'll live; Materialism shall reign."

Go to! Thou fool! For reign, He ever doth.  
'God's in His Heaven,' and all shall yet be well.  
And Jesus always—though God be not worth,  
Makes his own bed! His mind his own eternal Hell.

Some "stewards of God's mysteries" faithful live,  
'Obedient to His word they nurse the fire  
That on His altar of the world doth give  
Light, life, and love, to all who 'take not in the mire."

Therefore "joy to the world"—for 'Jesus lives!  
'Let I am with you always,' to the end."  
'Worthy the lamb that died'—our anthem gives  
'Honor and power divine'—let good or ill portend.

## NEW INSURANCE APPOINTMENTS

The Manufacturers' Life Insurance Company announces a change in the management for Vancouver Island with the retirement of R. W. McClung, of Victoria, who is to be succeeded by George C. Young, of Winnipeg.

Mr. McClung is one of the best known life insurance men in western Canada. He entered the services of the company as a local agent at Nanaimo over twenty years ago, and was transferred to Winnipeg in 1911, where he was not long in winning recognition as a large personal producer. In 1914 Mr. McClung was promoted to Edmonton as manager for northern Alberta, and in 1923 was again promoted and transferred to Calgary as manager for southern Alberta, which position he held until his removal to Victoria last year. Few men know western Canada better than Mr. McClung or are held in higher esteem, and in retiring he not only carries with him the best wishes of every man in the organization of the Manufacturers' Life, but also of the life insurance fraternity for many years of health and happiness. It is Mr. McClung's intention to continue to reside in Victoria. Mr. Young is well qualified for his duties, having been connected with the company's Winnipeg branch since 1926, previous to which he was on the staff of the University of Manitoba. Mr. Young has been a member of the One Hundred Thousand Dollar Club for the last six years, and like other successful producers, his whole insurance career has been spent with the Manufacturers' Life. In his new sphere of operations he will have ample scope for his undoubted ability.

## SAY OPIUM WAS IN AUTOMOBILE

Trials of Wu-Fang on a charge of having opium in his possession opened in the Esquimalt Police Court yesterday after some evidence was taken

an adjournment to Monday was arranged.

R. A. Wootton is acting for the R.C.M.P. prosecuting the case and W. C. Moresby, K.C., appears for the accused.

The allegation by police is that the defendant had thirty decks of opium in a car outside the Esquimalt Hotel.

## TELL HOW POPPY FUNDS ARE SPENT

## Report Is Issued By Remembrance Day Committee

In order that the public may know what is done with the funds of the "Remembrance Day Committee" the following report is submitted by the committee.

In connection with the making and the sale of poppies and wreaths and the distribution of same for the campaign of 1932, a sum of \$2,275 was expended. This amount took care of the employment of from three to ten disabled ex-service men for periods ranging from one to seven months during the year, and included the cost of material and production of the poppies.

Expenditures in assistance to ex-service men and their dependents included the following: clothing, shoes and repairs, \$256.41; fuel, \$795.85; groceries, \$1,206.55; light and water, \$71.05; dentistry, \$42.50; medical fees and medicines, \$46.15; room, rent, \$22.50; glasses and spectacles, \$22.50; milk, \$39.07; meal tickets, \$89.25; transportation, \$20; sundries, including garden seeds, fishing tackle, etc., \$6.00. Showing a total expenditure for direct assistance of \$2,711.93.

The amount spent for stationery, printing and postage, which is necessary publicity in connection with the service on Remembrance Day, was \$33.38. The number given assistance during the period of these expenditures was 2,275 people with 781 dependents, 104 single people with thirty-eight dependents, making a total of 344 with 789 dependents. The total number of orders issued up to the end of September was 906. It can be seen from this that the objective of \$5,000 is very necessary.

## Seeks to Enforce Alberta Judgment

Under the Reciprocal Enforcement of Judgments Act, in which three western provinces of Canada recently joined, Roy Manser yesterday commenced action before Judge Langford to enforce in British Columbia a judgment obtained in Alberta against a Tofield, Alta., man who owns property in Victoria.

Mr. Manser is acting as counsel for the International Harvester Company, while the defendant is Fred W. Wilde, purchaser of a truck from the International.

The judge asked Mr. Manser whether he was sure he would be able to find the defendant to serve him.

"I am sure," he said, and the judge, "He is now serving three years in the penitentiary," replied Mr. Manser.

"Oh, you can find him then," replied the judge.

The case will be resumed here on November 17, after the defendant has been served in the penitentiary.

## Young People's Church Societies

St. John's A.Y.P.A. held a novel Halloween party Monday evening at the Parish Hall. Members appeared in fancy dress, the costumes including kilt, witches and pirate rigs. The programme opened with a grand march and the judging was done by Misses Kay Smith and Vivienne Dodds and Frank Erickson.

The winners were: Ladies, Miss Sylvia Schofield as a witch; gentlemen, Len Patterson as a pirate.

Jack Laver acted as master of ceremonies and was assisted by Allan Paver, Fred Trickett, Stan Laver and Len Patterson. A short programme was given before supper, which was served in the guild room. The tables were effectively decorated with streamers and lanterns.

At the conclusion a vote of thanks was passed to Miss Betty Martin, the social convener, and her assistants, S. C. Hawkins presented the prizes.

FIRST BAPTIST Y.P.S. On Monday evening the Young People of the First Baptist Church held a hard-time social in the Sunday school room. About thirty were present and a very pleasant evening was spent in games, after which refreshments were served by the young men who had prepared the evening's entertainment.

The following were present: Rev. O. A. Reynolds, Mr. and Mrs. Dan Pavey, Mr. and Mrs. Cyril Moore, Mrs. George Stevens, Mrs. McLean, Misses E. Middleton, N. Gibson, N. Patterson, Q. Tabor, H. and A. Hamilton, D. and H. Teddon, G. Davies, E. and M. Storey, B. Parer, S. Smith, M. and V. Freeman, E. and A. Rhodes, J. McLean, O. Stevens, J. Lambrecht, Messrs. A. Morrison, C. Lee, V. Pollard, W. Smith, R. Gurdie, L. Ledson, F. and A. McLean, H. and A. Stevens, C. Middleton, D. Beach, T. Thorne, J. Lindley, J. Rhodes and others.

METROPOLITAN Y.P.S. Metropolitan Young People's Society celebrated Halloween Monday evening with a lively social. A large number of young people enjoyed the programme planned by Miss Molly Lally.

First on the programme was a singing led by Rev. J. H. A. Warr, which was followed by the grand march. Those present were then divided into groups and various relay races, including the date race, suitcase relay, candle relay, the needle's eye, nimble numbers and pantomime races were participated in.

About 9:30 o'clock the young people were led on a thrilling "ghost walk" which ended by a visit to the ghost "ghost story" and sang the "Ghost Song."

Miss Marian Evans, Miss Ellis Waller and Bert Simpson took part in an amusing skit, entitled "The Patent Medicine Man."

Later in the evening dainty refreshments were served from a table attractively decorated with pumpkins, fancy paper serviettes, and bronze marigolds and chrysanthemums.

Miss May Hick, assisted by several of the others, looked after this part of the entertainment.

The president announced the minutes "World's Fair" would be held on Wednesday, Thursday and Friday of this week in the schoolroom of Metropolitan Church, the School of Religious Education, to be held on November 6, 7, 8 and 13, 14 and 15 at Memorial Hall, and on Monday evening, November 6, the young people would meet at the church at 7:15.

George Garrett, colored, assisted the police in securing the evidence, being in company with Mrs. May Hick, when R.C.M.P. officers shadowed him.

## Y.M.C.A. NOTES

The senior gym leaders' corps met for a Halloween party Tuesday evening at the home of Jack Hartree, and all had a fine time. The programme contained all sorts of games, including a complicated arrangement with a microphone and loud speaker, and dancing. All were fancy dress.

All members of the "Y" swimming club and classes are invited to the aquatic frolic which will take place in the Crystal Garden pool on November 4, at 7:30 p.m. Games and trick diving are on the programme, and all are expected to enjoy themselves. That this is an occasion for amusement is proved by the fact that the swimming coach himself will frolic along with his pupils.

Members of the Y.M.C.A. have been invited to the party to be given at the Y.W.C.A. this evening.

The "Y" Speakers' Club has now been affiliated with the Toastmasters' International, an organization with headquarters in Los Angeles, sponsored by the Y.M.C.A. and with its sphere of action in California and the Pacific Northwest. The branches of the club hold dinners at which a toastmaster is elected as well as a chairman. The toastmaster takes charge of the entire proceedings for a part of the meeting.

The Toastmasters recently took over a whole speech-making in the recent Community Chest drive in San Diego, with excellent results.

Hodges, manager of the Empress Hotel, and Mrs. Hodges, from a holiday in southern California, Mr. and Mrs. Robertson will bid adieu to their friends here and take the Sunday boat for the mainland en route east. Mr. Robertson, who is manager of the Banff Springs Hotel, acts as relieving manager at C.P.R. hotels during the winter. After visiting their home in Winnipeg, Mr. and Mrs. Robertson expect to spend the early part of 1934 in Regina.

## Coming-out Party Held For Up-island Girl

Miss Zeta Allen of Quamichan Lake Debutante at Delightful Dance

Modern tendencies have played havoc with the traditions and convention of a bygone day, but while "other times" bring "other manners" in their train, a formal debut is still a focal point of social interest. A delightful party yesterday evening at Forest Inn, Shawanigan Lake, marked the coming-out of Miss Zeta Allen, daughter of Mrs. William Maclean MacLachlan of "Northwest" Quamichan Lake, the affair taking the form of a dance, for which the Empress Hotel four-piece orchestra furnished the music.

For the occasion Mrs. MacLachlan wore a handsome Vionnet gown of silver lame, with a corsage of purple velvet flowers, while Miss Allen's frock, a Lanvin model, was of pale pink tulle, with exaggerated puff sleeves and up-a-cartridge-pleated frill at the knee-line on the full skirt, a quaint frilled waist of the tulle completing the ensemble. She carried a Colonial bouquet of pale pink rosebuds and forget-me-nots.

The large lounge was lovely with an unusual scheme of decoration. The beautiful paneled walls were left bare while each of the large French windows and the sides of the huge open fireplace were banked with masses of autumn leaves from floor to beam. The guests were received by Mr. and Mrs. MacLachlan and Miss Allen in the large bay window, which was converted into a bower of flowers. White trellis work enclosed the sides of the bay, ending in a column, over all of which pink roses and foliage twined. On top of each column a mass of drooping roses and concealed lights gave a charming effect. The same trellis idea was carried out over the steps leading to the dining-room, while the whole room was lighted by the freelight and softly shaded pink lights. Supper was served in the dining-room, which was boldly decorated with red and silver.

Invitations were sent to Mr. and Mrs. G. Andrews, Mr. and Mrs. Abbott, Mr. and Mrs. H. E. Alderson, Captain and Mrs. Robert Barkley, Dr. and Mrs. G. W. Bisset, Lt.-Col. and Mrs. C. E. Colquhoun, Mr. and Mrs. Constable, Mr. and Mrs. S. J. P. Constable, Mr. and Mrs. N. B. Craig, Mr. and Mrs. E. M. Dawson, Thomas, Mr. and Mrs. C. F. Davis, Mr. and Mrs. C. H. Dickie, Mr. and Mrs. C. R. Drayton, Mr. and Mrs. Dunne, Mr. and Mrs. E. Gore-Langton, Captain and Mrs. J. D. Groves, Mr. and Mrs. G. H. Hadwen, Mr. and Mrs. P. P. Hassell, Mr. and Mrs. E. W. Carr-Hilton, Major and Mrs. C. E. Hay, Mr. and Mrs. T. A. Havemeyer, Mr. and Mrs. H. B. Hayward, Mr. and Mrs. F. Wells-Henderson, Mr. and Mrs. E. Hoey, Mr. and Mrs. L. D. Hogan, Mr. and Mrs. E. Hope, Mr. and Mrs. A. Kennington, Mr. and Mrs. A. B. Matthews, Dr. and Mrs. M. L. Olsen, Mr. and Mrs. J. H. Prichard, Mr. and Mrs. J. Joseph Reade, Major and Mrs. W. G. Swan (Vancouver), Mrs. Y. Birley, Mrs. C. E. Humphrey, Major and Mrs. G. C. Rigby, Major and Mrs. Ratray, Mr. and Mrs.

## PERSONAL

Mrs. A. T. Henderson and Miss A. Jarrett of Honolulu are among the guests staying at the Empress Hotel to-day.

Mrs. Sidney Child, Simcoe Street, who has been visiting in Seattle as the guest of friends, has returned to her home in Victoria.

Miss Agnes Mackay of Pender Island, who has been spending a couple of weeks in Victoria as the guest of friends, has returned home.

Mr. and Mrs. Stow of Chemainus have come down to Victoria to spend the winter here, and are resident on Harbinger Avenue.

Mr. and Mrs. E. P. Wainwright, 2321 Windsor Road, Oak Bay, have returned to Victoria after a visit to relatives and friends in England.

Mr. Stanley Robinson, Heywood Avenue, has left on a trip to California, while in the south will be the guest of Mr. and Mrs. W. U. Rowlands, San Carlos.

Mrs. Herbert G. Ross of Vancouver, who has been spending a couple of weeks in Victoria with her sister, Mrs. E. G. Baker, "Sittinghurst," Gorge Road, left this afternoon for her home on the mainland.

Mr. and Mrs. Leonard West and their small daughter have returned to their home in this city after a short visit to Vancouver, where they were the guests of Mrs. Roy Bell and Mr. and Mrs. J. N. Dayton.

Mr. Eric Cox and Miss Dorothy Cox, 1136 Burdett Avenue, entertained at dinner on Halloween. Covers were laid for ten at a table effectively decorated with bronze chrysanthemums and Halloween novelties. Later the guests attended the "Pai."

Mrs. Gordon Hunt and her sister-in-law, Mrs. Harry Morden, are expected back in Victoria from Shawanigan Lake at the end of this week to take up their residence for the winter at Mr. Hunter's home on Belleville Street.

After spending the summer months at Barkerville, the Cariboo, and Mrs. Hugh Pattinson are spending a few days in Kamloops as the guests of Mrs. Pattinson's parents, Mr. and Mrs. R. McCall, before returning to their home in Victoria.

High score at the Burnside Saturday evening social resulted in a tie, the following players dividing the honors: Mrs. Monies, Mrs. Liat, Messrs. Harman and Davidson, and Mrs. Archibald. A record of the attendance is now being kept for the big prize night at the close of the year.

Mrs. Humble-Birkett, who has been spending the last few days in Vancouver, returned to Victoria to-day to spend a longer time here with her brother-in-law and sister, Major and Mrs. R. G. Monteith, before returning to her home in England. On Monday evening Mrs. Humble-Birkett was the guest of honor at dinner parties given by Mrs. Martin Griffin.

Mrs. J. Peters, Peters Street, Esquimalt, has returned to her home in Victoria after spending the summer months in the east. While away Mrs. Peters visited in Toronto and in Ottawa with her son and daughter-in-law, Mr. and Mrs. P. H. Peters, and was accompanied by her granddaughter, Miss Morna Peters of Ottawa, who will spend a few weeks here prior to returning to her home in Ontario.

The annex of the Y.W.C.A. rang to the sound of laughter and music yesterday evening, when the girls in residence and their friends held a delightful Halloween party. Everyone donned fancy costume for the occasion, and community singing as well as solos, games and other merriment, was much enjoyed by the gathering. Refreshments were served. To-morrow evening a jolly party will be held in the main building, a number of boys from the Y.M.C.A. having been invited to join the girls. There will be dancing and games, and altogether an enjoyable programme is planned.

Miss Margaret and Victor Peddle were joint hosts of a very enjoyable Halloween party on Tuesday evening. Amusing and novel games were played during the evening, the prize winners being Gilbert Brown and Jack Smith. A buffet supper was served later. The guests included Mary Mattison, Edith Jones, Lily Bosence, Evelyn Curdick, Florence Peddle and Margaret Peddle, Bert Currie, Gilbert Brown, Jack Somers, George Appleyard, John Currie, Aleck Warren and Richard Peddle.

## PRINCESS FIGHTS FILM AS LIBEL

## Over Two Million Copies of True Story Magazine

### READY TOMORROW

Famous Jessie Costello Murder Story Leads the Demand. Greta Garbo's Great True Story Reaches Climax

"I consider this one of the greatest issues of True Story Magazine we have ever published. I have never seen so many vital human documents crisscrossed between the covers of one book. Every deep emotion is touched to the quick."

BERNARD MACFADDEN

"Just one other woman who reads this is saved from wrecking her life by yielding to some little feminine vanity, it is worth while for me to tell this story."

In this way, Jessie Costello sums up her own true story of her trial for the murder of her husband, one of the most famous murder cases that have ever shaken this country.

True Story publishes this great human document because literally millions of women might have done all the little things that Jessie Costello did, only to have them magnified into terrible importance and even the little kindnesses distorted in purpose, if

some great tragedy were to enter their lives.

Also, the great Greta Garbo story comes to its thrilling climax in this great issue. And another tremendous story of deepest significance is "My Common Law Marriage," which makes its fundamental appeal to every man, and which every woman will thoroughly understand.

Considerably over two million copies of this great issue of True Story Magazine are being rushed to our eighty thousand news dealers today to be ready for the nation's demand tomorrow. Tell your dealer today to save your copy for you.

## FRENCH-CANADA MUSIC CHARMS

Delightful Programme at Shrine Hall Includes Quaint Numbers

That very active organization, the Victoria Musical Art Society, in its programmes this season gives evidence of a cosmopolitan outlook which is most refreshing, and which augurs well for the continued success of its season. Happily opened with a recital by three gifted professional artists, a few weeks ago, its second programme was devoted to the music of Japan, and the pot-pourri was enhanced yesterday evening at the Shrine Hall with a delightful congeries of French-Canadian music.

The programme served to remind one that the French-Canadian character is the only distinctive national music evolved in Canada—and it owes its origin to France—and the conveners are to be congratulated upon this praiseworthy effort to revive an interest in the art of French-Canada, of which all too little is known in the west. The audience showed its untakenable appreciation by its hearty applause, charming bouquets to each of the lady artists supplementing the chorus of popular approval.

**CHANSONS POPULAIRES**

The opening and final groups included some of the "chansons populaires," traditionally associated with habitant life and the rivermen of Quebec. These were rollickingly sung by a quartette, Harry Davis, Allan King, Jack Townsend and Dick George, each of whom carried a solo part in one or other of the four numbers: "C'est l'aviron qui nous mène en haut," "En roulement ma bouille roulotte," "Bavonne d'avant," "Chansons," "Youpe! Youpe! Sur la rivière!"

Harry Davis, tenor, who has been well-known to the local concert stage for some years, also sang very effectively two charming populars, "Ronde des Filles de Quimper," arranged by Emile Viullemoz, and "A la Claire Fontaine," arranged by E. Gagnon.

Marguerite Rickard reaffirmed the impression of her consummate artistry, gained at her two previous appearances on the local concert platform, with a delightful rendition of a group of three traditional melodies, arranged by Arthur Somersell. These included "Margoton va-t à l'ailou," "Je ne suis pas un bouquet," and "Je ne suis pas un vilain." The latter more familiarly known as "Avec Mes Sabots." Mrs. Rickard gave a fascinating interpretation of these charming little French songs, for which she has a distinct flair, imbuing them with the vivacity and wealth of gesture, which connotes understanding of the spirit of the old folk songs. In response to an insistent demand for an encore, she sang an English version of "Dimanche."

**INSTRUMENTAL NUMBERS**

The instrumental part of the programme included two groups of piano solos by Dorothy Morton Gough, who displayed adequate musicianship in her rendition of "Avec Mes Sabots," "Cullion (Arthur Lestrand)," and "Le papillon" (Calixa Lavallée), which comprised her first group, and "Air de Ballet" (Georges Tanguay), and "Valse Enigme" (Emiliano Renaud), her concluding numbers.

Mrs. C. S. Beale, pianist, and her sister, Kathleen Bancroft, violinist, each of whom is a serious musician, and each of whom so happily complemented the other in their duets, played most effectively three of Hector Graton's arrangements of several typical old melodies, "Reminiscence," and "Deuxième Danse Canadienne."

Miss Sheila Conway and Ted Holloway ably shared the role of accompanist.

**Mrs. A. E. Zimmern To Address Club**

Mrs. Alfred E. Zimmern, wife of Professor Zimmern, who has just returned to Canada after a long sojourn in Geneva, will address the Women's Canadian Club at its next meeting on Tuesday afternoon, November 14. Her subject will be "Places and Personalities in Europe."

## Sister MARY'S KITCHEN

Many housewives are more or less confused by the term "brown" rice. They have a vague idea that brown rice is in some way superior to ordinary rice but are not sure how or why. Brown rice is unpolished rice. The husk has been removed but most of the bran and germ have been retained. For this reason unpolished or "brown" rice has a rich vitamin E and mineral content.

White rice, which is always polished rice, has lost both the germ and the bran layer and the grain is made lighter in color. Polished rice, according to one authority on foods, "is poorer in protein, mineral, elements and fat than any other of the cereal grains."

Unpolished rice is polished rice which has not been coated with talcum powder. Since rice is a *glutinous* thoroughly washed before cooking there's no reason for not using the coated rice because the coating of powder easily washes off. "Broken" rice usually is cheaper than "fancy" rice and if it's to be used as filler answers the purpose as well as the higher priced grade. If, however, fluffy, flaky, separate-kernelled rice is wanted the best rice must be used.

**THOROUGHLY WASHING NECESSARY**

The cooking of rice is of utmost importance. If too often appears as a sticky, shapeless mass which is both unappetizing and tasteless. Thorough washing is imperative to begin with. Coated rice should be rubbed between the palms of the hands and washed until the water is clear, changing the water almost constantly. Rinse well under running water when the last washing water is clear.

Unpolished and uncoated rice can be washed by putting the grains in a strainer and holding it under running water.

There are several methods of watching rice. Varying degrees of watchfulness are necessary for the success of each method. Equipment also is a determining factor as the choice of the method.

**CHINESE METHOD**

The quickest way to cook rice is by the Chinese method. Thoroughly washed rice is put into a large round-bottomed sauce pan with four times as much cold water as there is rice. One teaspoon salt is added for each cup of rice. The pan is closely covered and the cover is not lifted during the entire period of cooking. Put saucepan over a hot fire and bring to a "galloping" boiling point. This will take about ten minutes. Then reduce heat and boil gently for ten minutes. Remove cover and stir or use as wanted.

Another good way to cook rice is by the double-boiler method. This takes about fifty minutes.

Rice may also be successfully cooked in a steamer. Steaming takes about forty-five minutes.

You can boil rice in a large quantity of boiling salted water if you watch it constantly. Add one cup well washed rice to three quarts of rapidly boiling water to which 1 tablespoon salt has been added. Stir with a fork as a spoon tends to mash the kernels. When the grains are soft remove from fire and drain through a colander or coarse strainer. Hold the cooked rice over the sink and pour several quarts of boiling water through it to separate the kernels. Dry and reheat in the oven.

**To-morrow's Menu**

Breakfast — Stewed prunes, cereal, cream, crisp bacon, toast, milk, coffee.

Luncheon — Rice croquettes with cheese sauce, sliced tomatoes, cornmeal muffins, sweet cider and doughnuts.

Dinner — Stuffed cabbage rolls, scalloped potatoes, celery, apple and nut salad, steamed cranberry pudding, milk, coffee.

## CONTROVERSY ON SCANTY DRESS

London Doctors Air Views in Medical Journal; Morality Issue

London, Nov. 2.—Throughout the summer "Miss Modest's" drifting sun-bathing costumes have aroused fierce controversy. Religious leaders, town councillors and "Watch Committees" have nearly come to blows over the subject, and hundreds of people have written fiery letters to the newspapers. Now the medical profession has entered the arena.

**DOCTOR'S VIEW**

In the current issue of The Practitioner, Dr. E. A. Barton says that the almost universal adoption of scanty dress by younger women is caused by the scarcity of men.

"We are apt to forget," he writes, "that a million of young prospective fathers of the best of our race were killed or maimed in the war."

"The loss of males is responsible for the sex competition of the females in their natural desire for marriage. Such competition is manifested by the ostentatious display of legs and lumbar spines."

"The paint, pyjamas, sun-bathing, skin-tight swimming costumes, all point one way—in short, that sex appeal consists in being as naked as possible without infringing the very elastic canons of the more recent notions of decency."

According to Dr. Barton the growing knowledge of birth control is leading to an increase in the number of trial marriages. He believes that "in the light of birth-control, there is less need to be married, and week-end marriages and trial trips will become more frequent, for a lapse involves very slight risk of penalty, and seduction, therefore, the less dishonor to the man."

Lord Horder, the president of the National Birth Control Association, holds quite another view of the problem.

**MORALITY AND RELIGION**

In the same issue of The Practitioner he writes: "The subject becomes less and less controversial every year. We are to-day much more concerned with the practice and much less concerned with the principle."

That child bearing should be regarded as the only, or the chief, deterrent against immorality, he regards as a terrible indictment against individual realism on the one hand and the aims of social reform on the other.

Morality based upon fear was doubtless of service at the beginning of human progress, but surely we are ready for a harder lesson than this.

"It would be a sad mistake," he declares, "if the concepts of religion may have achieved over the elements, yet deny recognition of the control which he is achieving over his bodily functions."

The annual swimming gala of the Victoria Girl Guide Association will be held on Saturday afternoon at 2.30 at the Crystal Garden. Instead of at the Armories as originally arranged. Guides are requested to note this change of venue.

### MAYOR FLEES BEFORE MOB

Jalapa, Mexico, Nov. 2 (Associated Press)—The mayor of Coahuila de Zaragoza fled here after a wild dash across the mountains yesterday with a story of having narrowly escaped death at the hands of an angry mob. The residents attempted to lynch him, believing the mayor guilty of mis-handling funds.

## Annual Bazaar At City Temple This Week-end

The City Temple annual bazaar will be held in the social hall of the church on Friday and Saturday afternoon and evening of this week. The hall will be prettily decorated and the following capable conveners will be in charge of the various attractive stalls and departments: Fancy work, Mrs. A. Lewis and Mrs. A. Dash; aprons, Mrs. Georgina Herd; pillow slips, Mrs. Brown; novelties, Mrs. A. E. Humphries; candy, Mrs. Al. Oakley; home-cooking, Mrs. T. Clarke; children's dips, Mrs. Harrison; refreshments, Miss Mabel Johnson and Mrs. Rene Watson. There will be a change of programme each afternoon and evening—also radio, vocal solos, instrumental items, and fancy dances which will make the time pass pleasantly.

This will be a good opportunity in which to buy Christmas gifts among congenial surroundings and the general public is cordially invited.

Victoria W.I. Social—The November social meeting of Victoria Women's Institute will be held in the rooms, 564 Yates Street, on Friday afternoon. A musical programme and a contest have been arranged, and short talks on interesting subjects will be given by two of the members. Home products will be on display and a home products tea will be served.

RADIO FEATURE  
ON SATURDAY

**Celebration in Canada Will Be**  
**From Nov. 4 to Nov. 11**  
**Wonderful Talent in Canada**  
**For Broadcasting**

"When I think of the hundreds of thousands of Canadian listeners who will hear the broadcasts prepared for Canada's Radio Celebration, which starts on November 4 and continues to November 11, I wish every one of them could follow the procedure of presenting them from the moment the type of programme is decided upon until it is finally sent over the air."

The speaker was Thomas Maher, vice-chairman, Canadian Radio Broadcasting Commission. "The listener, who has been present at a broadcast may think that the whole affair is simple in the extreme. He has seen a very ordinary, comfortably furnished room with instruments which he readily recognizes as microphones. What he doesn't understand is that this business of singing, speaking or playing before a microphone represents the culmination of an immense amount of time and thought."

**TO PLEASE AND SURPRISE**  
 "First of all, the programme has to be so fashioned that it will both please and surprise the listener. Artists are engaged and numbers suggested for presentation. When arrangements have progressed thus far, a preliminary rehearsal is staged. And then the real trouble begins. Everyone concerned in a radio broadcast has to wrestle with a merciless, enemy—time. Every announcement, every song or instrumental selection must be so arranged that the resulting programme runs to within a few seconds of the pre-arranged time."

"All this takes a lot of planning and rehearsal. But when programme singer and artists have done their part, the engineer takes over his burden. He must see to it that an even balance of tone is carried to the radio audience; if the volume of tone is too great it has to be so regulated in order to insure perfect transmission."

**OVER INTRICATE SYSTEM**  
 Last of all, the broadcast must be sent over an intricate system of lines to the broadcasting station in such a manner that the receiving set can accomplish its miracle of assembling electrical vibrations and presenting them to the listener just as they left the studio. For a broadcast to be successful it has to be as thoroughly rehearsed as a play designed for Broadway. It must be engineered with such skill that no distortion of the performance will go out over the air. Lastly, the receiving set which brings it to the listener must be in perfect adjustment."

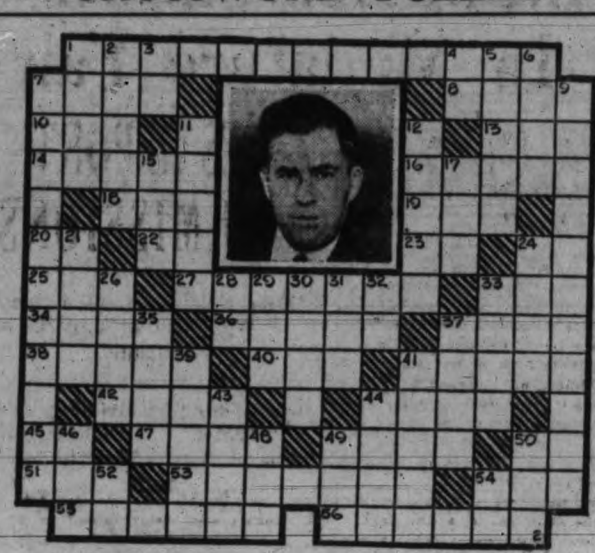

"That the great majority of broadcasts are so successfully received is the never-ending miracle to all concerned with radio entertainment. And it is a source of wonderment to me to find what wonderful talent we have in Canada for radio broadcasting. No matter what programme we plan, we can always find the proper artist in this country."

**PLAYHOUSE CLOSED**  
**FOR ALTERATIONS**  
 New Sound Equipment and Seating Accommodation Being Installed

J. Dawson, proprietor of the Playhouse Theatre, announced to-day that the theatre would be closed for several weeks during extensive alterations. In addition to numerous interior alterations the Playhouse will open with the very latest type of sound equipment developed by the Northern Electric Company, known as the wide-range sound. New seating accommodation will be installed for the comfort of the patrons.

**COMING TO EMPIRE**  
 One of Broadway's noted characters, Texas Guinan, will appear at the Empire Theatre next week. Miss Guinan, of night club fame and her company of forty entertainers are now playing to packed houses in Vancouver. A cast of thirty chorus girls is included in the company with Miss Guinan as mistress of ceremonies. The general seating will take place in a night club.

WILL ROGERS  
AT DOMINION

**Has Leading Role in "Dr. Bull"; Kathleen Norris Story Is Second Feature**

Will Rogers adds another memorable characterization to his growing gallery in "Dr. Bull," the Fox picture which opened at the Dominion Theatre to-day for a three-day run. It's a portrayal worthy to rank with his work in "State Fair" and "Connecticut Yankee."

The picture is based on "The Last Adam," the best seller novel by James Gould Cozzens. It was Mr. Rogers, himself, who persuaded the Fox company to change the title to "Dr. Bull." The character of the New England doctor gives Rogers in even better opportunity than he had in "State Fair."

Through Dr. Bull's eyes one sees the joys and sorrows of an entire town. He is always helping some youngster out of a scrape, even when it comes to playing cupid. Throughout he preserves a mellow humor.

The added feature is "Walls of Gold," a photoplay from the novel by Kathleen Norris. Sally Eilers and Ralph Morgan play the leading roles.

Special Mae West  
Matinee Saturday

The management of the Capitol Theatre announced to-day that the famous Mae West picture, "She Done Him Wrong," will be shown at a special matinee at 10:30 o'clock Saturday morning.

Following presentation of "The Bowery" at the last showing on Saturday evening, the Mae West picture will again be thrown on the screen and the patrons of the last show will be invited to stay in the theatre as guests of the management.

CHURCH HAS  
CELEBRATIONJames Bay United Holds  
Supper and Entertainment;  
Excellent Speeches Heard

The James Bay United Church was  
bused to capacity Monday evening,  
when the Ladies' Aid provided a turkey  
supper in celebration of the fortieth  
anniversary of the church. The tables  
were decorated with marigolds and  
chrysanthemums, tastefully arranged  
by Mrs. Lorimer.

The programme which followed in-  
cluded Miss Doris Rawlins, whose beau-  
tiful rendering of "The Morning Wind"  
and "The False Prophet" was very well  
received; and Frank Partridge, who  
sang "Songs of Araby" and as an en-  
semble "The Sunshine of Your Smile".  
Both artists were accompanied by Mrs.  
Frederick Fisher. Mrs. Gordon Downes  
also contributed to the programme.

Mrs. Noble, who was associated with  
the church at the time of its erection;  
A. C. Charlton, who was a member of  
the church board at that time; Mrs.  
G. G. Galloway and Justin Gilbert, two  
other pioneers present, briefly spoke.  
At this point, Rev. W. R. Brown, the  
minister, as chairman, presented Mrs.  
T. Southern with a bouquet as a token  
of appreciation of her work in the  
church, especially thanking her for  
her generosity in compiling the many  
thanks for her efforts as a singer.

The Rev. Dr. W. G. Wilson, as guest

speaker, spoke in high appreciation of

the work of the church and of its

present minister, mentioning its won-  
derful opportunities for good in the  
James Bay district, this being the only  
church in this large area.

As the concluding item of the pro-

gramme, the guests were entertained  
by Major Kirkpatrick Crockett, who  
spoke on the "Navy at Seabridge."

IS LAID TO REST

The funeral of George Ferris, who

passed away on October 28, took place

yesterday afternoon at 3 o'clock. Rev.  
O. L. Jull officiating. Many friends  
were present at the service. The  
casket was covered with a profusion  
of beautiful flowers. The hymns sung  
were, "Nearer My God, To Thee" and  
"Peace, Perfect Peace." Mrs. S. M.  
Morton sang the solo, "Some Time  
We'll Understand." The following  
acted as pallbearers: Harry Owen,  
James Boyd, T. Donovan, Gilbert  
Brown, H. L. Doidge and James Smith.  
Interment was in Royal Oak Burial  
Park.

Insurance Agents' Association

Appreciate Help For

Fire Prevention Week

At the regular meeting of the Victoria

District Fire Insurance Agents' Asso-

ciation yesterday, under the presi-

dency of Mr. Frank Jordan, the sec-

retary reported upon the observance of  
Fire Prevention Week this year. The  
fire chief and his assistants visited  
most of the public and private schools  
and held fire drills. Inspected the fire  
escapes and gave short addresses to the  
pupils. 7,732 in number, upon fire pre-

vention.

Mr. Fred Landsberg, as publicity

agent, had kept the public well in-

formed of the objects of the campaign  
and had been well supported by the  
district fire insurance agents. The  
pupils' essays were now being exam-

ined by Donald Fraser and P. F. Pitt.

The Spanish schools had been in-

spected by the trustees and Frank  
Jordan. Sam Clegg, P. W. Waller and  
Russell Ker, C.P.C.T. had also broad-cast information regarding the week over  
the air.

The report was accepted and a hearty

vote of thanks passed in favor of Mr.  
Fred Landsberg, the newspapers, Don-ald Fraser and the school boards of  
Victoria, Oak Bay, Esquimalt and Stan-ich, upon motion of Stewart Clark and  
J. C. Bridgman.

Had Resided Here

Twenty-five Years

Miss Sarah Gardiner Thompson, 742

Lampson Street, passed away yester-

day at the Jubilee Hospital, aged sixty-

four years. She was born in Car-

money, County Antrim, Ireland, and  
had been residing in this city for

Andrew Thompson, Toronto; William  
and Samuel Thompson, Victoria; two  
sisters, Mrs. Mary Miller and Miss  
Agnes Durrage, Belfast, Ireland, and  
twelve nieces and ten nephews.The funeral service will be held on  
Saturday at 2 p.m. at Hayward's B.C.  
Funeral Chapel. Rev. G. F. Cox of-  
ficiating. Interment will be in Royal  
Oak Burial Park.

Mr. and Mrs. A. G. Hill, who ar-

rived with their children from Sas-

katoon a few months ago, and have  
since been the guests of Mrs. Hill's  
parents, Dr. and Mrs. J. A. Neff,  
Brooke Street, have now taken up  
their residence at 1217 Hewitt Street,  
Oak Bay.Rev. C. G. MacKenzie, of Centennial  
United Church, has gone to New  
Westminster to attend the meeting of  
the Board of Directors of Columbian  
College, which is being conducted by his  
daughter, Isabel, aged eight, who will  
play the piano over station CKWX to-  
day at 5 o'clock.

## NEWS IN BRIEF

The Victoria Assembly Native Sons  
of Canada will meet this evening in  
Hart's Hall, Douglas Street.The Credit Grantees will hold a  
luncheon to-morrow at 12.10 o'clock in  
Spencer's dining-room. A large at-  
tendance is expected.The recent frolic held by the Rotary  
Club at the Crystal Garden netted a  
profit of \$43. T. P. McConnell reported  
at the luncheon in the Empress Hotel  
to-day.At the October meeting of the Cen-  
tennial United Church Choir, it was  
decided to present the cantata, "The  
Bride of Dunkerron," now in prepara-  
tion, on Tuesday, December 12.The annual meeting of the Mount  
Douglas High School Parent-Teacher  
Association will be held in the school  
auditorium on Tuesday, November 14,  
at 8 p.m.The average attendance at the  
Rotary Club's October luncheon was  
86 per cent. "Hub" Maynard reported  
to the club to-day. This figure is the  
second highest since the club was  
founded here.A meeting of the Rotary Spokes Club  
will be held at 8 o'clock to-night at  
the home of J. V. Johnson, 1889 Bow-  
er Avenue. The speaker will be  
President C. H. French, who will deal  
with the history of logging and lum-  
bering on the Pacific Coast.Cars driven by E. Fullerton, 1334  
Woodlands Road, and E. Johnson, 1805  
Duke Street, collided at the intersec-  
tion of Moss and Richardson Streets  
yesterday, according to a police re-  
port. The Fullerton car was turned  
on its side, but none of the occupants  
were injured.Charles S. Henley, manager of F. M.  
Oliver & Co., and Major A. Pidding-  
ton, were introduced as new members  
of the Rotary Club at the luncheon  
in the Empress Hotel to-day. J. W.  
Bell, of the Singer Sewing Machine  
Company, was unanimously elected to  
the club membership.The Financial Stability of the City  
of Victoria will be the subject of an  
address to be given by Mayor David  
Leeming to members of the Real Estate  
Board of Victoria to-morrow afternoon  
at 12.30 o'clock in Spencer's private  
dining room. Other business will in-  
clude a report relative to the Building  
Owners' Group of the Board.The Governor-General of Canada,  
Prime Minister Bennett and Hon. Mur-  
ray Willson, Minister of Pensions,  
will be heard over the Canadian Radio  
Broadcasting Commission network on  
Tuesday evening, November 7, at 7  
o'clock. The program will be a special  
programme in support of the poppy cam-  
paign for Remembrance Day.A pleasant reunion was held this  
afternoon between seven members of No. 9  
Platoon, Canadian Corps Cyclists which  
saw Victoria under the command of  
Lt. Sellers in 1915. The members who  
met around the festive board on Sat-  
urday were H. Dagg (Ottawa), A. W.  
Flowerman, J. A. McCall, H. English,  
J. Oddy, F. Jones and W. Wilmet. The  
Cyclist Battalion was recruited from  
Victoria to Halifax, so naturally the  
members are distributed throughout  
the Dominion and a reunion of even  
a few is quite an event.Magistrate George Jay reserved his  
decision yesterday until Monday in the  
case of Wong Yew, charged in the City  
Police Court with having option in his  
possession on the St. Francis Ma-  
guinna, aboard which he works. Frank  
Higgins, A.C.B. defence counsel, alleged  
there had been a frame-up against the  
accused, who had secured some medi-  
cine for use in curing a cough, but  
which might have been tampered with  
by another Chinese. H. A. Wootton,  
prosecution counsel, ridiculed the de-  
fence, stating it was clear the accused  
had the drug in his possession.As part of The Pioneer's Programme  
heard every Sunday evening at 8.15  
o'clock over station KOMO, Seattle, the  
"Tongqua Disaster," which occurred  
last week, was the subject of a discus-  
sion. The programme, days of Vanco-  
uver Island, will be resumed this Sun-  
day. Through co-operation with the  
Victoria and Island Publicity Bureau,  
the following prominent citizens of  
the city will be mentioned during the  
programme: Premier Tolmie, R. P. But-  
chart, Mrs. W. J. Pender, C. F. Todd,  
Herbert Angus, president of the  
Chamber of Commerce, and Mayor  
David Leeming.On behalf of the men at the Otter  
Point relief camp an appeal was broad-  
cast to-day by Constable A. G. Car-  
michael of the Provincial Police for  
football equipment to be used by a  
team formed among the men. The  
stable Carmichael has secured a new  
ball for them, but the following are  
still needed: Six pairs of shoes, size 8;  
two pairs, size 9; five pairs, size 10;  
one pair, size 11; four sweaters, size  
36; eleven pairs of shorts, size 32;  
three pairs, size 34; and fourteen pairs  
of socks, size 10. Anyone having  
such articles may leave them with Con-  
stable Carmichael at "A" division  
headquarters.Confusion arising in mail deliveries  
out of the similarity between the  
names of Vining and Vimy Streets has  
caused the postmaster to communicate  
with the City Council asking that the  
matter be remedied.These two streets, although more  
than a mile apart, run parallel and the  
numbers in the 1900-block are practi-  
cally the same. When the addresses are  
written on envelopes, it is easy for  
mistakes to occur.It is likely the council will turn this  
matter over to a committee of the  
engineers of the city and surrounding  
districts, which was named some time  
ago to look into the matter of dupli-  
cation of street names.The list of street names in the city  
reveals several confusions in this re-  
spect. Picking them at random, there  
are two Irving Roads and an Irving  
Drive, two Hudson Streets, two Howard  
Streets, two Main Streets, two Portage  
Roads and a Portage Avenue, and  
numerous others, which give rise to  
mistakes not only by postal authori-  
ties but also by residents generally.Police Restore  
Order at MeetingEdmonton, Nov. 2.—Police were called  
out yesterday evening to the Masonic Tem-  
ple, where Dr. C. R. Hennings, German  
lecturer, was attempting to speak on  
"Mastin" in the face of strong oppo-  
sition and violence from a group of  
more than 100 rowdies.Dr. Hennings was given a rough time  
on the lecture platform, the meeting  
developing into a mass riot from a  
group of more than 100 rowdies.

In Miniature FairDisplay By United Church  
Young People's Union  
Brings Century of Progress  
to VictoriaThe World's Fair has come in  
miniature to Victoria through the  
Metropolitan United Church Young  
People's Association, whose com-  
pact exhibition, containing all the  
main features of its prototype in  
Chicago, was opened by Mayor  
Leeming yesterday evening. The  
miniature fair will be open to-day  
and to-morrow from 2.30 to 10.30  
p.m.The exhibition is divided into halls  
in the same manner as the Century of  
Progress Exposition, and has the same  
general object of comparing the con-  
ditions of life in the present day and  
the past. This contrast is naturally  
most emphasized by the scientific dis-  
plays, and notably by the Hall of  
Transportation, in which excellent air-  
plane models made from nearly every  
conceivable material are shown along-  
side an old sledge, the sole means of  
transportation of the pioneers. The  
models, which range from miniature  
wooden and metal models to large  
works of art with wooden frames and  
shelved skin covering, are all notable  
for their neatness and accuracy.The air is not the only means of  
transportation represented. Models of  
liners contrast with beautiful but slow  
galleons. A modern motorcycle makes  
slightly ridiculous the tandem of the  
last century, a fearsome contraption  
with rear seat steering, and the still  
older boneshaker, and there is a large  
automotive exhibit, in which the vi-  
sitor may study pictures of the most  
recent European and American auto-  
mobile products, a complete set of  
parts of the Model T Ford, and sections  
of a large motor.Radio has its own section, where the  
latest sets are placed beside the early  
crystal set, and where every imagin-  
able part is displayed, many being  
sectioned to show their construction.On the ground floor the visitor will  
find the Hall of Religion, where photo-  
graphs show the work of the church  
in many lands and a map indicating  
the activities of the church in Van-  
couver Island, and the General Ex-  
hibits. These contain the work of  
local members of the Union, including  
a set of paper dress models of fine  
workmanship.In the main ground-floor hall vari-  
ous local firms have their displays.  
The display of these is the ten-foot  
model, complete in every detail, of the  
Nonsuch, the first ship to bring traders  
to Hudson Bay, and the true forefather  
of the firm in whose stand it is shown,  
master and mistress, as naturally the  
company's charter. Other ex-  
hibitors in this hall are the B.C. Elec-  
tric Company, who show a modern elec-  
tric lamp, and the B.C. Electric Com-  
pany, who show a modern electric  
lamp, and the B.C. Electric Com-  
pany, who show a modern electric  
lamp.The miniature World's Fair also  
boasts an art exhibit, where prints of  
paintings, Christmas cards, and a set  
of excellent original portrait heads are  
on display. This exhibit also contains  
a fine model of a fully rigged ship.  
Ship models are one of the features  
of the whole fair.The science display, as is right in  
British Columbia, is largely devoted to  
wood and its products, which range  
from paper to artificial silk, as well as  
the more normal forms of the ma-  
terial, such as veneer and wood  
grain. This section also contains  
electrical and criminological displays.Refreshments, in the form of sand-  
wiches and ice cream are served on  
attractively decorated tables in the

ON MISSIONSPercy Wills Tells Shantymen  
of Wide Field of Activities  
on IslandEncouraging Statements Are  
Presented at Annual Meet-  
ing of Local AssociationReports of the extensive mis-  
sionary work being carried on by  
the local branch of the Shanty-  
men's Christian Association on  
Vancouver Island were presented  
at the annual meeting in the  
Y.M.C.A. yesterday evening. The  
meeting took the form of a ban-  
quet and was well attended.Percy Wills, in charge of the mission  
work for the island, stated that since  
the United Church had undertaken  
the supplying of the mission boat Mel-  
vin Swarthout for the West Coast  
work, the association has temporarily  
given up this work.Activities had been directed, how-  
ever, towards the backwoods and other  
land settlements, where work was pro-  
gressing. He referred to the radio  
work being done by the association.  
He expressed the hope this  
work would be extended. If it  
was successful it would mean the es-  
tablishing of a gospel broadcast regu-  
larly on the south end of Vancouver  
Island, he said.Ron Hodgson of Alberni dealt further  
with the radio work and spoke of the  
wide field which the association hoped  
to cover with it.MESSAGE OF HOPE  
W. H. Adamson of Toronto, national  
president, told an instructive story of  
his experiences and embodied in it a  
spiritual and helpful message of en-  
couragement for the Victoria branch.He extended best wishes for every  
success in the new venture on the  
island and was assured of its success.  
J. S. Whiting, local superintendent  
reported on the year's activities and  
in his statement announced that the  
association had been responsible for  
bringing to Victoria Rev. Michael Bil-  
lester, Russian missionary, whose  
talks recently created a discussion in  
political circles when T. Gray Shep-  
herd, C.C.P. candidate, accused Hon.  
Joshua Hinchliffe of bringing Mr. Bil-  
lester here for political reasons.Mr. Whiting made it quite clear that  
the politics had nothing to do with the  
matter, and Mr. Billester's appearance  
in Victoria had been sponsored solely  
by the Shantymen.Other reports were submitted to the  
meeting by: L. J. Beckman, who gave  
an interesting statement; E. C. Wid-  
spen, literature; Miss Raper and Miss  
Ruth Whiting, beach work, and Mrs.  
Bages, Sunday school.LAST RITES HELD

Arsenal Soccer Club Spends £81,750 on Players in Eight Years

Harvey Jackson Will Get Stiff Run for N.H.L. Scoring Honors

Twelve Winners in Two Days Is Brilliant Mark of Jockey Richards

SINCE the season of 1925-26, when Herbert Chapman took over the management of the Arsenal football club, the "Gunners" have spent approximately £81,750 on the purchase of players. Against that figure may be placed approximately £10,100 received for transfers to other clubs. In the last seven or eight seasons the Gunners have paid £23,000 for centre-forwards alone. Here is the list: Lambert, £2,500; from Sunderland; Coleman, £2,500; from Grimsby Town; Dunne, £2,000; from Sheffield United. Halfway day was transferred to Manchester City for £5,000. The exact figure paid for Dunne is not known. Two seasons ago Sheffield valued him at £12,000.

The Arsenal team that was recently defeated by Glasgow Rangers, cost approximately: Moss, from Oldham, £1,000; Mack, Chapman Orient, no price; Haggard, Kettering, £2,250; Hill, Aberdeen, £2,500; Roberts, Oswestry, £700; John, Barry, £500; Birkett, Torquay, £2,000; Bowden, Plymouth, £2,500; Lambert, Doncaster, £2,500; James, Preston North End, £3,000; Bastin, Exeter, £2,500. And then Jack is said to have cost £12,000.

It is interesting to compare these figures with the Rangers' market prices for the team that took the field against the Gunners: Dawson, no transfer fee; Gray, no transfer fee; McDonald, his fare from America, say \$150; McKelvie, no transfer fee; Smith, £150; from Dundee United; Brown, no transfer fee; Archibald, transferred from Raith Rovers with another player, the figure for both being £350; Marshall, no transfer fee; Smith, £150; from East Stirlingshire; McPhail, £2,500; from Alder; Fleming, £300, from St. Johnstone.

Harvey Jackson, smart left winger of the Toronto Maple Leafs in the National Hockey League, has come forth with the prediction that he will lead all of the goal scorers this season in the major circuit. It will be recalled that Jackson had a very indifferent start last winter, came through with a great rush at the finish and was battling hard with Aurel Joliat, Montreal Canadiens, to prove their right to the title of the best left winger in the league. The honors, however, went to Larry Northcott, Montreal Maroons, who slumped badly towards the end of the season. There should be a great fight between the two this season. All players, however, will not find so many soft assists being dealt out as the new regulations will put the clamps on some of the over-indulgent scorers. Jackson, having faired his challenge, will find lots of opposition.

Little twenty-nine-year-old Gordon Richards, sensational English jockey, has done what no jockey ever did before. "One day he went through the card riding every winner. He kept up the streak every day, making his record twelve in succession. The previous best sequences were six successive wins by the great Fred Archer, George Fordham and W. G. Higgs. Now Richards is after another record. Archer in 1885 made one which has stood. He won 245 races in one racing year. Richards on October 23 had ridden 245 winners, in twenty-seven more racing days to go.

Who is this new super-jockey? He was born at Salsby, England, May 5, 1904. His father was the manager of a small coal mine and, after his school days were over, Gordon got a small job in the office. His off-hours he was allowed to ride the pit ponies.

A girl in the office told him Martin Hartigan, a well-known trainer, was advertising for an apprentice. Gordon got the job. His mother wept.

## "Red" Martin Sets Scoring Pace In Ten-point Victory

Sinks Ten Points as Canadian Champions Beat Students at Home 32 to 22

RIBBONS LEAD AT ALL STAGES

Display Effective Combination Play; Avenue Setback Suffered Here

By Times Staff Representative

Vancouver, Nov. 2.—Victoria Blue Ribbons, Canadian senior men's basketball champions, avenged the defeat handed them at the Capital City two weeks ago by the University of British Columbia quintette, by turning back the students, 32 to 22, on their home floor here yesterday evening. The Ribbons were always the better team and after gaining an early lead were never headed. Vancouver cage followers who watched the Ribbons in action predicted they will be formidable contenders for British Columbia supremacy this season.

Led by the elongated "Red" Martin who found the hoop for ten points the Ribbons launched an attack that was not to be denied. The champions were on the long end of a 19 to 10 count at half-time and although Varsity tried to cut the lead with a power attack in the final half the students were never able to get even close. Varsity adopted its usual nose system of defence but the Victoria boys found holes galore and during both halves had twice as many shots on the basket as their opponents.

GOOD COMBINATION

The Ribbons showed more combination play than they have in any of their previous starts this season. Martin, George Robinson and Doug Peden, the three newcomers to the championship club, showed to advantage and are fitting in better on each appearance. Big "Chuck" Chapman turned in his usual fine game at guard while the three newcomers to the championship club, showed to advantage and are fitting in better on each appearance. Big "Chuck" Chapman turned in his usual fine game at guard while the three newcomers to the championship club, showed to advantage and are fitting in better on each appearance.

With the start of the second half both clubs adopted stiff checking tactics with the result that play slowed down. Five minutes elapsed before a point was counted. Hay finally broke the ice with a free throw. Robertson netted the Ribbons' first basket of the half with Wright looping in one from centre court for Varsity. Wright got a free throw to make the count. Ribbons 21, Varsity 14. Art Chapman canned a foul shot. Bardley put Varsity two points closer but Art Chapman got under the basket to pot a soft one and added a foul shot. Chuck Chapman made one of two foul shots and Martin broke fast to get right under for three points and Nicholson added two more to make the score 28 to 22. The Ribbons called time out. On resumption of play the Victoria champions tucked the game.

## MERALOMAS ARE EN ROUTE TO CALGARY FOR GRID PLAY-OFF

British Columbia Canadian Football Champions Will Engage Altonahs Saturday; Vancouver Club Confident of Turning Back Alberta Titleholders

Vancouver, Nov. 2.—Coach Hammy Boucher and Capt. Bill Garvin led their Meralomas, B.C. Canadian football champions, out of Vancouver aboard the Canadian Pacific's "Dominion" yesterday for Calgary, where they will meet the Altonah Tigers of the football city in the B.C.-Alberta inter-provincial playdown Saturday.

B.C. champions for the second time in two years, the orange and black squad lost a two-game series to the Calgary gridsters, the Coast last year, falling by two points to stop the push of the prairie twelve. This year, crossing the Rockies for the first time, the Vancouver team presents stronger opposition than last year.

Prusoff-Dranga To Play at Vancouver

Seattle, Nov. 2.—Henry Prusoff and Mel Dranga, Seattle's two leading tennis stars, will play in Vancouver, B.C. this week in the new indoor tennis court at Hastings Park. The courts will be open for public play on Saturday, both during the day and at night.

## WINOOKA WAS WELL PLAYED

Australian Champion Paid \$5 For \$2 on Victory in Pimlico Feature Yesterday

Gold Step Second a Head Back; Jockey Britt Gives Winooka Fine Ride

Pimlico, Md., Nov. 2.—Winooka, beautifully conformed son of Windbag, to-day stood vindicated of American accusations he was little better than a stalling plate. Making his third start in the eastern United States, the Australian champion yesterday whipped the smartest band of sprinters gathered at this Maryland course. In the \$2,500 Baltimore Handicap, feature of the opening of Pimlico's ten-day meeting, Winooka won by a head from Sheldon H. Fairbanks' Gold Step, one of the three horses in the race that had previously beaten the long-striding visitor.

Only another head back, forming one of the closest finishes in the history of the stake, was Freydon M. Burch's Tambour. A. L. Aste's Character, and S. W. Labrov's Springsteel, winner of Winooka's last start, trailed by a length, and were followed across the line by Good Advice and Okap.

GETS GOOD RIDE

With Jockey Edgar Britt giving improved display of horsemanship, Winooka needed only the six furlongs in 1:11 1-3, only 2-5 off the track record. The Aussie carried top weight of 120 pounds.

Despite the wave of criticism that followed his unexpected setbacks in his previous two starts, Marylanders backed the speedy thoroughbred from down under heavily, and he paid off \$5 for a \$2 mutual ticket to win. Britt played a large part in Winooka's winning effort yesterday. The Australian apprentice kept Winooka out of close quarters by raising him off the pace until the stretch. Here Britt took his mount to the outside, and while he kept ground, Winooka responded gamely in the drive, and wore down the leaders with every stride, to show his head in front at the wire.

No Sale at Present Of St. Louis Club

St. Louis, Nov. 2.—Vice-President L. C. McEvoy and Manager Rogers Hornsby will pilot St. Louis Browns for the present, William Harridge, president of the American Baseball League, said yesterday. Harridge had conferred with McEvoy and Hornsby and the state of the late Phil Ball, owner of the Browns.

The league president said the question of ultimate disposition of the club had not been thoroughly gone into with the Ball family.

He expressed the opinion that under management of McEvoy and Hornsby the club "is in good hands."

CITY TO WORK OUT

A work out of Victoria City first and second division soccer teams, will be held to-night at the Veterans of France at 8 o'clock.

away when Martin got two baskets after some fine combination play. The teams and individual scores follow:

Ribbons—Pringle, Wright (3); Bardley (6); Hay (4); Willoughby (2); Nicholson (2); Osborne (4); McDonald, Henderson (1) and McGrimmon.

Varsity—Pringle, Wright (3); Bardley (6); Hay (4); Willoughby (2); Nicholson (2); Osborne (4); McDonald, Henderson (1) and McGrimmon.

## Adverts Score Fine Win Over Pantorium

Biddy Boyce Stars in Hard-fought 21 to 16 Victory in Women's Basketball

Slingers Win Senior A Men's Game; Beavers Turn Back Young Blue Ribbons

Playing far the best basketball they have exhibited this year, Bill Erickson's Adverts defeated the crack Pantorium team 21 to 16 to take undisputed leadership in the senior women's division of the Victoria and District Basketball League. This game held the spotlight on yesterday evening's City League card at the Victoria High School gym.

In the other two tussles the Beavers downed the Young Blue Ribbons 44 to 22 to remain undefeated in the intermediate A race and Slingers handed the Beavers senior A squad a 32 to 19 lacing.

Two baskets by Biddy Boyce, crack guard of the Adverts, scored in the final minutes of play, put the game in the bag. Throughout the entire game the teams battled for the lead with the Adverts holding a small margin except for a short period in the final half.

In the first quarter the Adverts were leading 4 to 2 and at half time they had increased their margin to 11 to 7. With the start of the third quarter the Adverts ran the score to 15 to 9 only to have the Pantorium take the lead at 16 to 15. Biddy Boyce then collected a basket and Mary Peden rolled in another while the first mentioned scored again just before the final whistle.

IS OUTSTANDING

Biddy Boyce was the outstanding player in the game with the remainder of the Adverts turning in great performances. Ruby Bethel was the pick of the Pantorium, playing a great defensive game and collecting seven of her team's total points.

Clicking in all departments the young Beavers had little trouble subduing the Young Blue Ribbons in the intermediate fixture. Ollie Goldsmith led the Beavers' scoring parade with fourteen points.

Led by Mike Lannon, veteran guard, who scored ten points, Slingers took undisputed possession of second place in the senior A men's race by downing the Beavers. Lannon, with ten points led the scoring for the winners while Lloyd Jones with eight was high man for the losers.

Schmeling Will Attempt Comeback

Paris, Nov. 2.—Joe Jacobs, manager of the former heavyweight champion, Max Schmeling, sailed yesterday for New York after visiting with the fighter in Germany.

"Everything is fine," said Jacobs. "Schmeling will return to the United States for another title campaign after the Christmas holidays."

WESTERN CLUBS SIGN PLAYERS

Vancouver Lions and Calgary Tigers Prepare for Coast Hockey Opening

Vancouver, Nov. 2.—Two former Winnipeg amateurs have been signed to perform with Vancouver Lions in the Pacific Northwest Professional Hockey League.

Manager Guy Patrick announced yesterday, Walter Cressy, defence, and Bobby Kirk, right wing, are the two new additions to the Patrick parade.

Both Cressy and Kirk started last season with Regina in the western Canada circuit. Both broke into professional company with St. Louis, three years ago.

The Lions will assemble here for early training, November 6. In addition to Cressy and Kirk, Patrick has signed Jimmy Arnold, Clint Smith, Lude Palm, Walter McCartney and Sammy McAdam. Further deals are pending. The youthful senior declared to-day.

SAVOLDI BEATS WASHBURN

Cleveland, Ohio, Nov. 2.—Joe Savoldi, Three Oaks, Mich., gained a decision

Calgary, Nov. 2.—Signing of Gordon "Tony" Savage, Calgary centre exponent of net storming, to-day brought Lloyd Turner's Calgary Tigers of the Northwestern Pro Hockey League to nine. Turner signed Louis Coupez, forward also on last year's team, earlier in the day.

Savage turned pro here where he got all his early training. He has played with Seattle Redskins, Minneapolis, Kitchener and Syracuse Stars of the International League.

Coupez started his hockey experience in Kingston and one year played with Hollywood, champions of the California League.

## Americans Bolster Line-up With Many Promising Rookies

New York Entry in National Hockey League Trying Out Flock of Youngsters

Are Building Up Reserve Strength

Lloyd Gross and Red Conn, Minor League Stars Last Season, Showing Up Well

Oshawa, Ont., Nov. 2.—A lot of ivory has passed before the anxious eye of "Bullet Joe" Simpson in the last week or so and the boss of New York's Americans, determined to send a real challenger into the National Hockey League campaign next week, is likely to keep a goodly amount of it on hand.

With three of his 1932 mainstays, Nick Wasnie, Johnny Sheppard and Vernon Ayres, taken away from him; and apparently no cash at his disposal to buy experienced material, Simpson has looked to his training-camp rookies for strength. He seems to have found a fair amount.

"We have reserve strength to burn, and for the present we are concentrating on our future," he said in refusing to publicly separate the wheat from the chaff a week before the N.H.L. schedule opens.

MANY YOUNGSTERS

Joe has a few veterans and a great number of youngsters on his hands. Roy Worters is certain to play goal and Normie Himes is sure to start at centre on one of the chief forward lines. Lloyd Gross, last season with Buffalo in the International League and George Patterson, an experienced wingman, are sure to be included in Joe's selection of those he will retain. So are Ronnie Martin and Red Dutton and Bill Bridge.

The rest is not so certain. Dutton, Bridge, Duke Dutkowski and Chris Speyer must be the quartet of defencemen who will stay, but Bill Ragan and Red Dorn, minor leaguers last season, are still fighting for berths. There is both quantity and quality in the forward line.

Himes, Patterson and Red Conn, who scored thirty-one points for Philadelphia in the Canadian-American League last season, have been working on one forward line. On another are Martin, Klein, last year with Boston Cubs, and Gross, the International League's leading scorer in 1932.

NEED ANOTHER LINE

The immediate question would seem to be to get one more strong front line. Simpson has worked the Calgary amateurs, Fred Hergert and Dave Schrier, with Lloyd Jackson, on one line. One of the flashiest of all is the trio of Red Jackson, the veteran Charlie McVeigh and Picketts, a recruit from New Haven.

Jack Keating, tiny stickhandling expert from St. John; Leggie Kuhn, Truro, N.S. winger, and Ed Convey, Toronto, form still another attacking flank. Keating and Kuhn finished last season with the Americans.

Indications were Marly Roberts, goaltender with New Haven last season, will be carried as a substitute for Truro. Americans are not operating the New Haven team as a farm this season, and the players to which "Bullet Joe" keeps strings attached will be loaned to the best advantage.

Gordon Richards Has Four Winners

Worcester, England, Nov. 2.—Gordon Richards, England's greatest jockey, won within three weeks, an English record of 346 winners, established by Fred Archer in 1863, when he booted four of his mounts home in the same week.

The modern world record of 300 winners was set by W. Miller, an American jockey, in 1906.

over "Gentleman Jack" Washburn, Chicago, after 13.25 minutes of wrestling yesterday evening with two kicks to the body, dropping the Chicagoan. Savoldi weighed 216; Washburn 240.

Chocolate had the fight well in hand from the outset and was seldom pressed by Ghnouly, who recently handed Al Foreman, British Empire lightweight champion, his first knockout in fourteen years of campaigning.

Although Chocolate failed to carry the offense except for the last two rounds, he kept the Missouri off with long lefts and deadly right crosses. On the other hand, the Romanian gypsy kept pressing the fight from the beginning until shortly before the end, and landed some telling blows that shook the debonair champion. He took many hard knocks himself, however, and was forced to backpedal desperately to avoid the deadly punches the Cuban threw in his direction.

## ICE GOSSIP

History will be made at Kingston to-night when Montreal Canadiens and New York Rangers tangle in an exhibition tilt. Although a number of National Hockey League stars have been produced in the limestone city, it will be the first time that two teams from the N.H.L. have ever met in that city.

And just to show the fans in that hotbed of hockey the battle played in the major pro circuits unmatched anywhere, both Newy Lalonde of the Canadiens and Lester Patrick of the New Yorks will ice their strongest lineups for the game.

This means that two of the greatest forward lines in hockey, Howie Moren, Aurel Joliat and Johnny Gagnon of the Canadiens and Lester Patrick, Bun Cook and Frank Boucher of the Rangers will be facing each other when the puck is dropped to start the proceedings.

Down in old Quebec yesterday Boston Bruins and Montreal Maroons tore through sixty minutes of hectic hockey for the edification of some 3,000 fans. Bruins coping the decision by a 2 to 1 score. Although penalties were at a minimum, there was enough spice in the affair to cause a fistic engagement between Beattie and Brydson. The two were banished for five minutes when they refused to heed the advice of their teammates to quit rowdying.

Just when it looked as though things were straightening away in the Ottawa Senators' camp, Harvey Rockburn, ribbed-rock defenceman brought up from the International League near the close of last season, caused a lot of speculation by leaving the bench and donning his street clothes half way through yesterday's practice. His action was interpreted either by Rockburn or club officials.

Two more names were added to the Senators' ranks with the signing of Bert McInerney and Syd Howe. This raises the total number of players signed to eleven, leaving Conney Weir and Allan Shields still to hear from.

The game of games, as far as Kitchener fans are concerned, was staged there yesterday evening when the single men of the Toronto Maple Leafs engaged their married teammates in a friendly struggle for the benefit of charity.

Possibility of "Babe" Seibert being among those missing when Rangers open the season against Toronto was foreseen today when Manager Lester Patrick announced the big winger was still balking at terms. Unless Seibert makes a move toward an agreement he will not start in the opening game, Patrick said.

## BOSTON BRUINS WHIP MAROONS

Score 2 to 1 Victory in Fast Exhibition Hockey Game Played at Quebec

Beattie Drives Home Rebound in Third Period For Winning Counter

Quebec, Nov. 2.—Boston Bruins took an exhibition hockey game from Montreal Maroons yesterday by the narrow score of 2 to 1. One goal was scored in each period. Beattie snapped the winning counter past Kerr one and a half minutes after the third period started. Daguid scored for Maroons in the first period and Stewart evened the count for Boston in the second.

Maroons started out with Hooley Smith, Ward Trotter on attack while Bruins began with Barry Clapper and Gracie on the forward line. The Montreal team was on the attack from the beginning, but the counter and Tiny Thompson was in danger several times. The Boston goalie robbed Jimmy Ward of a counter when the Maroon wing got right in on the nets after some nice combination with Ayres, Ward and Hooley Smith each took several shots at Thompson after that but failed to get any further.

BRUINS ON OFFENSIVE

At this point the Bruins took the offensive and kept the puck fairly consistently in Maroon territory. Stewart all but scored when he got the rubber within a yard of Kerr but the little Montreal goalie turned the shot away. He repeated the save a few minutes later when Oliver let fly.

In the final spur of the first period Daguid scored the first point of the game when he got the rubber past Thompson on a pass from Ayres.

Boston pushed matters at the opening of the second period and scored on Alex Smith's rebound in 1:30. The Bruins held command, both Stewart and Alex Smith starring. Northcott took the puck from the Maroon's end and worked his way through the Bruins' line only to be beaten by Thompson, who came out of his net.

It was Maroons' turn to stage an offensive in the third period. Dave Trotter was penalized for tripping O'Neill and while Montreal were short a man Bruins added to their score when Beattie battled Alex Smith's rebound past Kerr.

## CAGE FIXTURES AT BRENTWOOD

Four Games Are Scheduled at Suburban Hall To-morrow; Teams Announced

The Brentwood Athletic Hall will be the scene of four excellent games of basketball on Friday night. In the feature game Slingers will clash with the Beavers' Intermediate A. The winery men will have a strong team on the floor, and the young Beavers will have to play fast ball to win from last year's senior B Island champions.

West Road Juniors and Dealtals will meet in the curtain raiser and should provide some keen competition. When the Lake Hill men oppose the West Road senior C in the third game, the fans will no doubt see plenty of good basketball, as both teams are playing well this season.

A girls' game is the other attraction on the card, the Adverts and Lake Hill girls supplying the competition. The teams will be as follows: Slingers—Claude Sluggert, G. Lannon, M. Lannon, Chas. Sluggert, F. Turgoose, R. Mitchell, M. Atkinson and L. Butler.

Beavers' Intermediate A—Goldsmith, Ritchie, Fraser, Shepherd, Bourne, Tubman, Fleming, Levy, Preston and McDonald.

West Road Juniors—E. Butler, Oakes, K. Young, K. Thompson, Brooks, J. Greenhalgh, McEldrie and Cliff Sluggert.

Lake Hill—F. Sutton, Bates, G. Mitchell, Walker, C. Cunningham, Atkinson, A. Styan and Campbell.

Adverts—Lucille Spark, Mary Peden, Berta Peden, Gertrude Taylor, Biddy Boyce, Alice Lalonde and Kay Freestone.

Lake Hill girls—C. Johnston, Alice Styan, Leta Styan, S. Darby, Vera Hendy, M. Lewis and L. Macmurrah.

## KID CHOCOLATE THRILLS BIG CROWD IN WHIPPING GHNOULY

New York State Featherweight Champion Lifts Ten-round Decision From St. Louis Battler Before 8,000 at Montreal; Ghnouly Proves Game

Montreal, Nov. 2.—Thrilling a crowd of close to 8,000 fans with a dazzling display of speed and lightning footwork, Kid Chocolate, featherweight titleholder in the state of New York, took a ten-round decision from Joe Ghnouly, St. Louis, Mo., Romanian in a non-title bout here yesterday evening. Chocolate gained a clear-cut victory over his youthful op-

ponent and the decision of the judges was unanimous, but the referee, Mickey McGowan voted for a draw.

Chocolate had the fight well in hand from the outset and was seldom pressed by Ghnouly, who recently handed Al Foreman, British Empire lightweight champion, his first knockout in fourteen years of campaigning.

Although Chocolate failed to carry the offense except for the last two rounds, he kept the Missouri off with long lefts and deadly right crosses. On the other hand, the Romanian gypsy kept pressing the fight from the beginning until shortly before the end, and landed some telling blows that shook the debonair champion. He took many hard knocks himself, however, and was forced to backpedal desperately to avoid the deadly punches the Cuban threw in his direction.

## WHEN WINOOKA WAS JUST AN ALSO RAN AT LAUREL TRACK

He went to the post an odds-on favorite, but the best Winooka, Australian sprint champion, could do in the featured Challenger Purse at Laurel, Md., was to finish last in a field of five. An five may be seen in this picture at the finish as A. C. Bostwick's Mate (right) won the race nine and one-half lengths ahead of the Australian "wonder horse," seen at the extreme left. The winner's prize was worth \$3,500.

## "Masked Marvel" And Sonnenberg in Draw

Des Moines, Iowa, Nov. 2.—Gus Sonnenberg, the Eastern heavyweight champion, failed to unmask the "Masked Marvel" to the disappointment of local wrestling fans yesterday evening, earning no better than a draw in the ninety-minute limit match.

## Strong Revival of Foreign Interest in Wheat Aids Prices

Canadian Press  
Winnipeg, Nov. 2.—Strong revival of foreign interest in Canadian wheat, plus developments in money markets, put new life into trading on the grain exchange to-day, and boosted wheat prices more than 2c over the previous close.

Export sales were the greatest since President Roosevelt inaugurated his gold-purchasing policy, and were estimated at 1,500,000 bushels. Closing stages were extremely active, and prices finished near top levels.

Final quotations were 2 1/2 to 1 1/2c higher, with November wheat at 64 1/2c, December at 63 1/2c and May at 67 1/2c. July option again appeared on Winnipeg board and ended at 68 1/2c.

Reports of frost in the Argentine, where the crop is susceptible to cold weather, and a big decrease in Russian exports were further bullish factors. Russian shipments for the past week

declined about 1,500,000 bushels, compared with last week.

Liverpool cables confirmed an improved demand for Canadian wheat, and closing quotations were 1/2d higher. Buenos Aires prices at noon were 1c up.

Cash grain operations reflected the improvement in the export movement. Coarse grain prices were boosted in line with wheat futures, but trading in these commodities lacked any particular feature.

**SHARP GAINS IN U.S.**

Chicago, Nov. 2.—Sharp gains in wheat prices late to-day accompanied unfavorable crop reports from Argentina and Australia, with big export business in Canadian wheat, 5,000,000 bushels.

Wheat closed strong, 1 1/2 to 2 1/2c above yesterday's finish. Corn, 1c to 1 1/2c, 1 1/2 to 1 1/2c advanced, and provisions unchanged to 10c off.

### Break Off Engagement When Your Love Dies, No Matter How It Hurts the Other Fellow

DEAR MISS DIX—My boy friend and I have kept steady company for four years, but while his interest has not waned, mine has, and I am bored to death. I treat him colder than any refrigerator, but he comes back for more punishment. I do not answer his questions, fall asleep in his presence, break dates with him and what not, but still he seems too dumb to realize that he is not wanted. As I haven't the heart to tell him I do not care to see him any more, he continues to hang on. What would you advise me to do? Oh, to be a boy and just stay away when you tired of the girl friend?

ALICE.

Answer—Girls have a right to envy boys the privilege of shopping around among girls until they find one to their taste instead of having to take what they can get. But when it comes to getting rid of the bargain for which they have lost their taste, the shoe is on the other foot and the boy has a right to envy the girl.

For it is even harder for a boy to free himself from a girl of whom he has tired than it is for a girl to wade the boy of whom she is weary to the outer air. A girl who is in love with a boy can hang on to him like an old woman of the sea, and she can use tactics from which a boy's manhood deters him. She can weep on his breast when he tries to break away until she melts down his backbone into a mush of pity for her. She can threaten to kill herself and pine away in a green and yellow melancholy, and she can just simply refuse to be cast off until she drives him into marrying her by wearing down his sales resistance.

Moreover, it has always been the woman's privilege to break the engagement, and none the less thought of her for doing so, but a man feels it to be a rash thing to jilt a girl and evidently the public so regards it, or else women would not so frequently bring breach-of-promise suits.

Getting engaged is like entering into any other contract, easier to get into than it is to get out of when you change your mind and your bargain does not look so good to you. It can seldom be done without one of the high contracting parties getting hurt and charging breach of faith.

But all the same the promise to marry is one of the promises that is better broken than kept if either the man or the woman finds out that he or she was mistaken in the state of his or her affections. For, whereas you can fulfill any other obligation you have taken upon yourself, even if it is distasteful, no sense of honor or of duty can force you to love another person, or enable you to give a satisfactory performance as a husband or as a wife.

So, even if it hurts at the time and is mortifying to the jilted one, it is better to break an engagement than it is to marry a man or woman for whom you no longer care. The severing of the bond that has grown irksome to you leaves a clean wound that heals, but to be tied to one who resents you, whom you hate, is to wear a fetter that cuts into your very soul and makes a festering sore that aches without ceasing.

No woman can keep up the pretense of loving a man to whom she is indifferent. It is bound to show in a thousand ways, and no husband is so stupid as not to know whether his wife married him because he was her Prince Charming or for pity or for a meal ticket. No woman can disguise the state of her affections. She registers her temperature in the light that springs into her eyes, or the patient endurance of boredom that comes into them at his approach; in the temperature of her kisses; in her eagerness to be with him or away from him; in the way she looks at his faults; in the very tone of voice with which she speaks to him.

Living together, day after day and year after year, in the close contact of married life; putting up with each other's faults and foibles; sacrificing for each other; being dependent upon each other for companionship, is no easy matter even when people love each other. For those who do not love each other it is a ghastly ordeal, so at least men and women should go into matrimony with a full head of steam on. They should be full of enthusiasm and optimism and be fully persuaded in their own minds that nobody ever loved before as they do, and that they are going to be happy ever after.

If they have a doubt on the subject, they should call the marriage off.

DOROTHY DIX.

DEAR MISS DIX—Shall I go to work regardless of my husband? We have been married ten years and he has never been able to support me. He is a good, kind man, very easy-going. I can work, but I'll have to be away from him. I have worked eight years and saved a little and do not want to spend that.

MRS. L. H.

Answer—I do not think that any woman who is not at work and who has a decent living should go to work now when there are so few jobs, and so many women so desperately in need of earning a little money.

Nor do I think a woman should go to work if her husband opposes it, if he makes a living for the family. If he does not, that is a different story.

Of course, you know that if you go away from the home to work it means the breaking up of the home, and that is a pretty high price to pay for a job.

DOROTHY DIX.

### Wonder Works of Long Ago

THE TEMPLES OF ELLORA  
In western India, less than 200 miles from Bombay, are the most amazing temples ever built by man. They centre around the village of Ellora, and were carved out of the rocky hillside. There are thirty-four large temples, most of them being in honor of Hindu gods.

where, but this one was hewn from solid rock!  
Inside the Temple of Kailas is a room seventeen feet high, fifty-six feet wide and 103 feet long. Think of the labor which went into the fashioning of that room!

The statues of elephants point to the high regard in which the big beasts are held in India. It is likely that elephants were used in hauling away rock during the period of cutting. In addition there are hundreds of figures of gods and goddesses carved upon the walls; some of the figures are twelve feet high.

The chief honor, however, was for the great god, Siva.  
Siva is one of the three gods to whom the Hindus give most worship. The other two are Brahma and Vishnu. Siva is supposed to stand for that which destroys and that which builds up again. He is death, and he is also new life.

The temples around Ellora are not now actively in use, but they stand forth as examples of the trouble people have taken to honor their gods.

To-morrow—The Budd-Gaya Temple

Temple of the Kailasa, Cut From Solid Rock.

Imagine a mass of granite in a mountainous place. How could that be turned into a beautiful temple? Hindus who lived 1,300 years ago knew the answer. They cut deep trenches in the hard rock. Deeper, ever deeper, went the trenches. At last there stood forth oblong blocks of rock of enormous size.

When a block of rock was formed, the task was only partly finished. Carving remained to be done, and it was done! The face of the granite was cut until there stood forth pillars, doorways, and images of elephants. How many thousands of men were employed in producing these temples, we do not know, but it appears that the work was performed during the course of several centuries.

First among the wonders of this region is the Temple of Kailasa. This temple is 100 feet high, 100 feet wide and 274 feet long!
